Re: LS07 UXY Vauxhall Transporter Shuttle Minibus.

Mr Burton,

The above vehicle will be eight years old on the 13/06/15, as the licence renewal date is in April, I am concerned if I will be able to renew the vehicle licence or not.

Since I purchased the vehicle on 16/10/2009, the vehicle has never failed either a Department of Transport annual MOT, or the Annual Taxi MOT.

My company takes pride in the fact that vehicle maintenance is top priority. I hope to be able to use this vehicle for the foreseeable future.

Julia Barks.

Dear Mrs Barks,

The Committee that needs to make the decision in respect of your request will not be sitting until after the elections on 7<sup>th</sup> May, and likely not until June/July after the Members have been sworn in. I am prepared in the interim to issue the renewal of your licence until the end of July pending their decision but you will still be required to renew as normal. I've attached a copy of the renewal instructions for you.

If you need to discuss then please give me a call,

Regards,  
Matt
