PLANNING APPLICATIONS COMMITTEE

Late Representations – 2nd August 2017

FILE REF.	SITE AND DETAILS	PAGE NO.
SMD/2018/0212	<p>Blakehall Fisheries, New Close Fields, Adderley, Cheadle</p> <p><u>Dilhorne Parish Council</u></p> <p>The Parish Councillors wish to OBJECT to this application for highways/access reasons. The “main” road through Trimpos is narrow in places and has regular problems with vehicles hitting walls. Traffic speeding along this road is a regular occurrence.</p> <p>Also have major concerns over the “lane” from which the site will be accessed. This is a single track lane and although the applicant states they will put in “passing” places we cannot see that this would then allow two caravans to pass without the need for one to reverse for some distance to allow passing.</p> <p>We note from the documentation that Highways do not object to the application, but are totally amazed by this. We can only presume that the Officer from Highways did not visited the site.</p> <p>We are the people “on the ground” who see the every day issues within the Parish and we ask that these issues are drawn to the Planning Committee attention on our behalf and hopefully they will see these issues first hand on their site visit.</p>
