The Committee considered the Council's performance and financial position for the period ending 30 September 2018 ("First Quarter 2018/19).

A summary of the position was set out at paragraph 3.3 of the report, and particular reference was made to the projected surplus which was largely attributable to increased retention income forecast as being a member of the Derbyshire 100% Business Rates pilot in 2018/19. A potential shortfall in the efficiency strategy was forecast which was being addressed and a surplus on the HRA would be rolled forward. The development of the procurement function was highlighted as an important area of council activity delivered with professionalism. New performance indicators around homelessness would be developed in the light of new legislative requirements.

Clarification was requested around the details of the Fairfield Gateway Improvements Programme included as part of the procurement activity completed. Reference was also made to dwellings rents and business rates.

That the Executive be recommended to note the second quarter 2018/19 financial, procurement and performance position as detailed in appendices A, B and C and summarised at 3.3 of the covering report.
