2017 be approved as a correct record and signed by the Chair.

48 **NOTIFICATION OF SUBSTITUTE MEMBERS.**

There were none.

49 **DECLARATION OF INTERESTS.**

50 **QUESTIONS TO PORTFOLIO HOLDERS.**

51 **SAFER, FAIRER, UNITED COMMUNITIES FOR STAFFORDSHIRE.**

Matthew Ellis, Police and Crime Commissioner for Staffordshire, provided the Panel with an overview of the Safer, Fairer, United Communities for Staffordshire Strategy 2016-2020.

The PCC's five priorities were:

- **Modern and Transformed Policing** "A police force that is fit for a changing future."
- **Early intervention** "Identifying and tackling root causes at the earliest opportunity."

Community Overview & Scrutiny Panel - 27 March 2017

- **Supporting Victims and Witnesses** “Making it easier for victims and witnesses to get the support they need, when they need it.”
- **Managing Offenders** “Preventing offending in the first place and reducing reoffending.”
- **Public Confidence** “Creating opportunities for communities to shape policing, with greater transparency and openness to increase confidence in policing.”

The PCC advised members that a consultation would commence shortly in relation to a proposal for the Police working more closely with the Fire Service.

He also explained that neighbourhood policing was at the heart of policing with a link to national issues such as serious organised crime and cyber crime. A vast amount of money had been invested in technology and automation which allowed officers to carry out tasks on tablets in the community. Information could be shared with other agencies and would lead to intelligence being used much more effectively than in the past.

Following the update members had the opportunity to make comments and ask questions which were summarised below:-

Armed Police and media coverage – After the recent tragic event in London, a member queried the level of media coverage and whether there were plans to arm police officers. The PCC was against arming regular police officers, more funding had been allocated to armed response teams and it was explained that the attention of the media had been frustrating at times.

Industrial scale fly-tipping – Incidents had occurred in the Biddulph area and the vehicles used hadn't been detected by Automatic Number Plate Recognition. It was thought that the agencies needed to work together to solve these crimes. This level of fly-tipping had become more prevalent, the Environment Agency was the lead and the Serious Organised Crime Agency was now involved. Matthew Ellis would see if an update on these matters could be sent to Councillor Kevin Jackson after the meeting.

Use of drugs in Leek and safety of residents – A member asked if there was plan to tackle the problem of drug users in the community and what steps had been taken to ensure the safety of our residents. The PCC understood the concerns raised and advised that there had been a lot of drug related arrests in the past three months. There was a national drive to focus on the providers of drugs and the local level issues raised would be covered at the PCCs performance meeting.

Appearance of Police Officers – Panel members had differing views on the appearance of officers. Matthew Ellis wasn't aware of this being an issue but would look into this matter.

Anti-Social Behaviour – Concerns were raised in relation to a noticeable increase in the level of anti social behaviour in Werrington, which was generally caused by a particular group of young people. The PCC responded and advised that the problem should be reported to the Local Commander and could be included on the agenda for an upcoming meeting of the Safer Neighbourhood Panel. A member also recalled a time where there had been some anti social behavioural issues in her ward and after contacting the Local Commander the problems were dealt with effectively.

Community Overview & Scrutiny Panel - 27 March 2017

Generally, reporting of anti social behaviour had improved, the People Power Fund had engaged many young people but there were still some challenges around youth services. It was still possible for a group to apply for funding through the People Power Fund and members of the public could contact 101 to report any issues.

Cheadle Police Station – It was brought to the attention of the PCC that the Police station in Cheadle had been closed for a period of three weeks. Matthew Ellis wasn't aware of this and would provide an update after the meeting. It was possible to contact the Police Control Room via the intercom outside of the station and longer term there was a strategy to rationalise buildings as modern technology allowed officers to have a 'mobile office'.

Overall, the Panel were in agreement with the list of priorities included in the strategy and the Police Crime Commissioner was thanked for attending the meeting.

DECIDED: That the Panel supported the Safer, Fairer, United Communities for Staffordshire Strategy 2016-2020.

52 COMMUNITY LEADERSHIP SCHEME.

The Panel considered a report, introduced by Linden Vernon, Senior Officer (Governance and Member Support,) which outlined a range of activities to improve the Council's support for councillors.

The Community Leadership Scheme was approved following the publication of the Communities and Local Government Select Committee report "Councillors on the Front-line". This noted the changing role of elected members, becoming increasingly community-based with councillors spending more time out and about supporting their constituents, and working with external organisations.

The report provided an update on the Scheme which comprised a package of measures - existing, new and enhanced - which delivered improved support for councillors in their wards. These included:

- Improved IT resources
- Parish and town council liaison
- Community engagement support
- Multi-agency response
- The Councillors' Community Initiative Fund
- Improved demographic information
- Case management development
- Dedicated officer support
- Alliance Management Team input

A councillor referred to recent communication issues with Your Moorlands due to data protection and was of the opinion that case management would be very useful with the correct training.

The officer responded, advising that data protection shouldn't be a barrier, the appropriate training would be arranged and any themes which emerged from these sessions could be included on scrutiny agendas.

53 **WORK PROGRAMME**

The Panel considered its work programme and agreed the items listed, subject to the following items being added:-

- Update on potential joint working of the Police and Fire Service
- VAST (Applying for grant funding)

The Chair also requested the exact remit for the scrutiny arrangements of Your Housing/Your Moorlands.

DECIDED: That the Panel's Work Programme for 2016/17 be agreed.

The meeting closed at 11.12 am

Staffordshire Police and Crime Panel

Report of the Secretary of the Police and Crime Panel

To All Member Authorities

Since the establishment of the Police and Crime Panel in 2012 it has been usual practice for the Chairman to report to member authorities on matters dealt with by the Panel, highlighting issues of wider interest and/or implications.

The Chairman retired as a County Councillor at the beginning of May therefore, as Secretary to the Panel, I am submitting this report of Panel meetings held on 26 April and 8 May 2017:

‘Ordinary’ Panel Meeting – 26 April 2017

As it was the Chairman’s last meeting it was appropriate that a number of agenda items were on progress made on matters previously considered by the Panel, including the HMIC report on their PEEL (Police Efficiency, Effectiveness and Legitimacy) inspection of the Force 2016, and the External Audit of the OPCC and Force Accounts for 2015/16.

The Police and Crime Commissioner referred to the **HMIC 2016 PEEL inspections** (Efficiency, Effectiveness and Legitimacy) of the Staffordshire Force specifically the overall rating of ‘Requires Improvement’ which had been given for the ‘Effectiveness’ element. He explained that that rating was a culmination of inspections of four areas including ‘protecting those who are vulnerable and supporting victims’ which, whilst originally graded as ‘inadequate’ had been amended to ‘Requires Improvement’ following his representations. He reported that the revised grading did not reflect the more positive narrative and de-brief given by the HMIC and reported on discussions held with the HMIC on the processes adopted in assessing the effectiveness of the Force and the inconsistency of approach between different Forces. HMIC reports contributed to his scrutiny of the Force performance and detailed monitoring arrangements adopted including a performance framework and the implementation of an Action Plan drawn up in response to the PEEL findings.

On the **External Audit of the Accounts 2015/16**, Panel were reminded that the Auditor had given a qualified opinion citing concerns that due to staff turnover in the finance teams for the OPCC and Force financial planning might not be based on as robust, timely information as would be expected. The Commissioner and his Director of Finance and Performance reported on a number of measures introduced to improve financial management including a review of the IT systems in use and the potential for their improvement. Both were satisfied that matters raised by the auditor were being addressed and that whilst the necessary financial management measures had previously existed, they were now better able to evidence their existence.

The Panel and Commissioner also discussed in detail the provisions in the new **Policing and Crime Act 2017** for the integration of the Police and Fire and Rescue

Services. The Commissioner reported that his Business case was currently being compiled, would be consulted upon and, if supported, implementation would hopefully commence in spring/early summer 2018. The consequences for the Panel of integration were noted, most specifically the possible extension of its membership to bring in expertise in Fire and Rescue matters.

The new Act also permits the Commissioner to have more direct management of **complaints against the Force**, with a number of options offering varying degrees of involvement. The Panel briefly discussed the pros and cons of the options with the Commissioner holding the view that a degree of independence from the Force might offer a more transparent system, whilst acknowledging that for some cases the investigative skills possessed by Force officers was required. The Commissioner agreed to report to Panel on his final choice of system.

Other items on the agenda included progress on implementing and reviewing the Commissioners **Safer, Fairer, United Communities for Staffordshire strategy** and discussion on **decisions published by the Commissioner**. Amongst the latter was a decision to fund studies by Kier Ltd on the feasibility of enhancement works to 5 OPCC properties. The Panel questioned the decision and the valuations on which it had been based.

Confirmation Hearing – 8 May 2017

The Panel held a further meeting to consider the Commissioner's wish to appoint Mr Gareth Morgan as Chief Constable for Staffordshire. The post of Chief Constable is one of a number of posts for which the Panel has a statutory duty to hold a Confirmation Hearing. In this case the Panel has the power to veto the proposed appointment.

The Commissioner reported on the recruitment and selection processes he'd followed, including the involvement of staff and young persons' fora.

The Hearing procedure followed by the Panel was in accordance with guidance issued by the Local Government Association and involved the Panel questioning the Commissioner on the selection process he'd adopted, and asking questions of the candidate to help assess his 'professional competence' and 'personal independence'.

The Panel were impressed by Mr Morgan's decisive and candid answers and his commitment to Staffordshire. At the conclusion of the Hearing the Panel agreed that Mr Morgan was suitable for the post and recommended to the Commissioner that he proceed with the appointment.

STAFFORDSHIRE MOORLANDS DISTRICT COUNCIL

Report to Communities Overview and Scrutiny Panel

3 July 2017

TITLE:	Consultation on a Proposal to Introduce a Public Spaces Protection Order in the area around the Millennium Gardens, Biddulph
PORTFOLIO HOLDER:	Cllr Mike Bowen - Portfolio Holder for Communities
CONTACT OFFICER:	Executive Director (People) and Monitoring Officer
WARDS INVOLVED:	All

Appendices Attached

Appendix A Final Public Spaces Protection Order

1. Reason for the Report

The area around the Millennium Gardens/Sainsbury's in Biddulph attracts relatively high levels of anti-social behaviour that continue to have a detrimental effect on the quality of life of those in the locality. The District Council has consulted on a proposal to introduce a Public Spaces Protection Order to assist in stopping individuals or groups committing anti-social behaviour in the area.

This report presents the responses from the consultation and proposes that the Council proceeds to make a Public Spaces Protection Order.

2. Recommendation

2.1 That Staffordshire Moorlands District Council introduces a Public Spaces Protection Order to prevent on-going anti-social behaviour in and around the Millennium Gardens in Biddulph.

3. Executive Summary

- 3.1 The area around the Millennium Gardens has attracted relatively high levels of anti-social behaviour. This has generally involved young people ranging between the ages of approximately 11 and 18 years of age. The behaviour affects legitimate users of the Millennium Gardens, shoppers at Sainsbury's (including those using the car park), users of the nearby Methodist Chapel (which includes community activities such as Girl Guides, Brownies and Rainbows) and general members of the public.
- 3.2 A report was brought before members of the Community and Overview Scrutiny Panel on 13th February 2017 and Cabinet on 14th February 2017, which outlined a proposal to introduce a Public Spaces Protection Order to assist in preventing nuisance behaviour in and around the Millennium Gardens in Biddulph
- 3.3 Following approval from Elected Members, the District Council carried out the necessary consultation, publicity and notification as required under s72 of the Anti-Social Behaviour, Crime and Policing Act 2014.
- 3.4 Responses supporting the introduction of the Public Spaces Protection Order were received from Staffordshire Police, Biddulph Town Council, Office of the Police and Crime Commissioner, and Staffordshire County Council. There were no specific comments on the individual prohibitions contained within the draft Order and no suggestion about including additional prohibitions to those consulted upon.

4. How this report links to Corporate Priorities

- 4.1 The proposed introduction of a Public Spaces Protection Order to help reduce nuisance behaviour in and around Millennium Gardens in Biddulph would assist the Council to achieve its corporate aim of helping to protect and improve the environment. It supports the priority outcome of quality open spaces and the corporate objective of high quality public amenities. The Order would generally support the creation of a safer and healthier environment for our residents and communities to live and work.

5. Options and Analysis

- 5.1 The Millennium Gardens and surrounding area meets the two conditions required for the Council to introduce a Public Spaces Protection Order. The activities that have taken place have had a detrimental effect on the quality of life of those in the area. Secondly, the activities have been of a persistent, on-going nature.
- 5.2 Cabinet may choose to approve the proposed Order attached at Appendix A (Recommended).

- 5.3 Alternatively, Cabinet may choose not to make a Public Spaces Protection Order (not recommended).

6. Implications

6.1 Community Safety - (Crime and Disorder Act 1998)

The making of the Public Spaces Protection Order would assist in reducing on-going nuisance behaviour in and around Millennium Gardens, Biddulph. It would help the Council to meet its duty to do all it reasonably can to prevent crime and disorder in its area under section 17 of the Crime and Disorder Act 1998.

6.2 Workforce

Enforcement of the Public Spaces Protection Order will largely be carried out by Staffordshire Police and through the issue of fixed penalty notices. District Council Officers may, however, become involved in facilitating the prosecution of individuals for any breaches of the Order in circumstances where a fixed penalty notice was not an appropriate response to the behaviour.

6.3 Equality and Diversity/Equality Impact Assessment

An Equalities Impact Assessment has been completed. There are no implications that would prevent the making of the Public Spaces Protection Order.

6.4 Financial Considerations

There will be a requirement to erect signage in and around the proposed location. The cost of the signage would be met from within existing budgets. It is hoped that the introduction of the Order will have a deterrent effect and, if there are any breaches, then these can be dealt with by means of a fixed penalty notice. However, the Council may incur costs if there is a need to prosecute an individual for breach of the Order.

6.5 Legal

The power to introduce a Public Spaces Protection Order (PSPO) is found at Section 59 of the Anti-social Behaviour Crime and Policing Act 2014. Before introducing an order the Council must be satisfied that the following conditions have been met:

- (a) activities carried on in a public place within the authority's area have had a detrimental effect on the quality of life of those in the locality, or

(b) it is likely that activities will be carried on in a public place within that area and that they will have such an effect.

The aim of a PSPO is to make public spaces more welcoming to the majority of law abiding people and communities. This report seeks authority to consult with the Chief Officer of Police, community representatives and the owner of the land and other relevant bodies on a proposed Order.

Section 59 (2) states that a public spaces protection order must:

- a) Identify the activities that have a detrimental effect on the quality of life of those in the locality;
- b) Explain the effect of the breach of any prohibition in the order on the consumption of alcohol (where appropriate) and the offence of failing to comply with an order;
- c) Specify the period for which the Order has effect.

Section 3 has been added to the Order to set out the activities that have had a detrimental effect on the quality of life of those in the locality and thereby meet the requirements of point a) above.

Sections 5 and 6 of the Order explain the effect of the breach of any prohibition in the Order on the consumption of alcohol and the offence of failing to comply with an Order thereby meet the requirements of point b) above.

A constable or authorised person can request an individual not to consume alcohol in the restricted area or to surrender anything which the constable or authorised person reasonably believes to be alcohol or a container for alcohol. A person who fails to comply with these requirements commits an offence and is liable on a summary conviction to a fine not exceeding level 2 on the standard scale.

A person who fails to comply with a PSPO is guilty of an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale.

In both cases, liability for the offence can be discharged by payment of a fixed penalty notice under s68 of the Act.

Section 2 has been expanded to clarify that the Order will last for a period of three years thereby meeting the requirements of point c) above.

6.6 Sustainability

No specific implications.

6.7 Internal and External Consultation

The District Council has carried out necessary consultation, publicity and notification as required under s72 of the Anti-Social Behaviour, Crime and Policing Act 2014.

The relevant section of the Act defines “*the necessary consultation*” as consulting with—

- (a) the chief officer of police, and the local policing body, for the police area that includes the restricted area;
- (b) whatever community representatives the local authority thinks it appropriate to consult;
- (c) the owner or occupier of land within the restricted area;

In response, the Council consulted with Staffordshire Police and the Office of the Police and Crime Commissioner for Staffordshire, Sainsbury’s supermarket and businesses/residents in the area.

“*The necessary publicity*”, in the case of a proposed order, means publishing the text of it.

In response, the Council published a copy of the proposed order on its website and also by posting laminated copies of the proposal within the restricted area.

“*The necessary notification*” means notifying the following authorities of the proposed order, extension, variation or discharge—

- (a) the parish council or community council (if any) for the area that includes the restricted area;
- (b) in the case of a public spaces protection order made or to be made by a district council in England, the county council (if any) for the area that includes the restricted area.

In response, the Council sent details of the proposed Order to both Biddulph Town Council and Staffordshire County Council.

6.8 Risk Assessment

No specific risks.

7. **Background and Detail**

- 7.1 A report was brought before members of the Community and Overview Scrutiny Panel on 13th February 2017 and Cabinet on 14th February 2017, which outlined a proposal to introduce a Public Spaces Protection Order to assist in preventing nuisance behaviour in and around Biddulph Millennium Gardens.

- 7.2 The report outlined the activities that have taken place in and around the Millennium Gardens and which have had a continuing detrimental effect on the quality of life of those in the area.
- 7.3 Authorisation was sought and granted to carry out consultation, publicity and notification on its proposal to make an order (which is required by s72 of the Anti-Social Behaviour, Crime and Policing Act 2014). The Council, therefore, wrote to the following to notify them of its proposal and obtain their views:
- Local shop keepers and residents (written details of the proposed Order were hand delivered by Staffordshire Police on behalf of the District Council);
 - Staffordshire Police;
 - Staffordshire's Police and Crime Commissioner;
 - Staffordshire County Council;
 - Biddulph Town Council;
 - The manager of Sainsburys Supermarket, Biddulph.
- 7.4 Details of the proposed Order and how to respond were published on the Council's website and copies were placed on lampposts around the area to be covered by the Order.
- 7.5 The Biddulph Chronicle also published an article on the proposed Order.
- 7.5 Responses were received from Staffordshire Police, Biddulph Town Council, Office of the Police and Crime Commissioner, and Staffordshire County Council. These responses indicated support for the introduction of the Public Spaces Protection Order.
- 7.6 There were no specific comments on the individual prohibitions contained within the draft order and no suggestion about including additional prohibitions to those consulted upon.
- 7.7 The Council did not receive any comments opposing the introduction of the Order.
