Appendices Attached – Appendix A – Treasury Management Mid-Year Update Report to 30th September 2018

1. Reason for the Report

- 1.1. The purpose of the report is to allow the robust scrutiny of the Council's treasury management performance in 2018/19 in compliance with the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Treasury Management and generally accepted good practice.

2. Recommendation

- 2.1. That the Committee note the current treasury management position as at 30th September 2018.

3. Executive Summary

- 3.1. The CIPFA Code of Practice on Treasury Management was adopted by the Council in February 2010. This Council fully complies with its requirements, one of which is to produce at least one mid-year operational report.
- 3.2. This report comprises the following:
 - The latest interest rate forecast;
 - Investment income earned to date and projected for 2018/19;
 - The current investment portfolio;
 - The current and projected borrowing requirements with projected borrowing costs for 2018/19; and
 - Compliance against prudential and treasury indicators set in the Treasury Management Strategy 2018/19.

3.3. The main headlines include:

- The Bank of England base rate increased to 0.75% on 2nd August 2018.
- The investment income budget of £73,590 is expected to be on target based on current levels, following the base rate rise.
- The Ascent debenture and loan income budgets are on target pending the outcome of the Ascent Business Plan review.
- The borrowing costs budget to support the existing Ascent loan balance and a potential general fund borrowing requirement is currently forecast to be to budget with the savings on internal borrowing for part of the Ascent Loan offsetting the estimated future borrowing costs on the increased general fund borrowing requirement in the revised general fund capital programme.
- The average return on investments was 0.66% during the period 1st July to 30th September. This compares favourably to short-term industry benchmarks.
- The Council's investment portfolio totalled £7.6 million spread across five separate institutions as at 30th September 2018.
- The Council's current level of debt is £12 million at an average annual borrowing rate of 1.36%.

4. How this report links to Corporate Priorities

4.1. An effective Treasury Management function is critical in safeguarding and effectively managing the financial resources at the Council's disposal. Sufficient financial resources are required to deliver and underpin all of the Council's main priorities.

5. Alternative Options
