Appendices attached:

Appendix A - Treasury Management Mid-Year Update Report, 30th June 2019

1. Reason for the Report

- 1.1. The purpose of the report is to allow the robust scrutiny of the Council's treasury management performance in 2019/20 in compliance with the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Treasury Management and generally accepted good practice.

2. Recommendation

- 2.1. That the Committee note the current Treasury Management position as at 30th June 2019.

3. Executive Summary

- 3.1. The Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Treasury Management was adopted by the Council in March 2010. This Council fully complies with its requirements, one of which is to produce at least one mid-year operational report.
- 3.2. This report comprises the following:
- The latest interest rate forecast;
 - Investment income earned to date and projected for 2019/20;
 - The current investment portfolio;

- The borrowing portfolio with projected borrowing costs for 2019/20 and debt rescheduling options; and
- Compliance against prudential and treasury indicators set in the Treasury Management Strategy 2019/20.

3.3. The main headlines include:

- The Bank of England base rate remains unchanged at 0.75% and the forecast increase has been moved back to 2020/21.
- A shortfall of £90,000 is expected against the investment income budget of £225,260 due to the delayed increase in interest rates and continuing internal borrowing. This will be partially offset by interest income of £14,360 from the loan to the Buxton Crescent Heritage Trust which was not included in the original budget.
- A saving of £39,700 overall is forecast on the borrowing costs budget, split £14,650 to the general fund and £25,050 to the HRA, due to internal borrowing.
- The average return on investments achieved by the Council during the period from 1st April to 30th June was 0.82%. This compares favorably to short-term industry benchmarks.
- The Council's investment portfolio totalled £13.5 million spread across five separate institutions as at 30th June 2019.
- The Council's total level of debt as at 30th June was £66.8 million at an average annual borrowing rate of 3.92%.

4. How this report links to Corporate Priorities

- 4.1. An effective treasury management function is critical in safeguarding and effectively managing the financial resources at the Council's disposal. Sufficient financial resources are required to deliver and underpin all of the Council's main priorities.

5. Alternative Options

- 5.1. This report sets out the treasury management position for High Peak Borough Council for 2019/20 to date and the projected outturn. As such it is a statement of fact and there are no options.
