EXECUTIVE COUNCILLOR:	Councillor Alan Barrow - Executive Councillor for Corporate Services and Finance
CONTACT OFFICER:	John Leak - Head of Audit
WARDS INVOLVED:	Non-Specific

Appendices Attached

Appendix 1 Audit Reports Issued Between 1st November 2021 and 31st January 2022

Appendix 2 Internal Audit 2021/22 Progress Information as at 31st January 2022

Appendix 3 2020/21 Audit Recommendations Implementation

1. Reason for the Report

- 1.1 The Accounts and Audit Regulations 2015 requires the Council to “undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”. In accordance with the Public Sector Internal Audit Standards, the Audit Manager must report periodically to the Audit Committee on the internal audit activity’s performance relative to its plan.

2. Recommendation

- 2.1 That the Committee note the progress information contained within this report.

3. Executive Summary

- 3.1 The purpose of this report is to summarise current year performance information for the Council’s Internal Audit service for the 2021/22 financial year. This includes a breakdown of audits in progress and completed to date, the number and classification of recommendations made, agreed and where applicable, implemented by management.

3.2 Due to the ongoing diversion of audit resources to support the corporate response to the administration of the various Government business grants support schemes and a staff secondment, the Audit Plan for 2021/22 has been amended and may take longer to complete than originally planned.

3.3 All audit recommendations have been agreed, and to date 100% of 2021/22 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit are satisfied that they will be resolved in an appropriate manner and they will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

4. How this report links to Corporate Priorities

4.1 The assurance provided by the work of Internal Audit informs the Annual Governance Statement and therefore helps to ensure our future financial resilience can be financially sustainable whilst offering value for money.

5. Alternative Options

5.1 There are no options to consider.

6. Detail

6.1 Introduction

6.1.1 The purpose of this report is to summarise current year performance information for the Council's Internal Audit service for the 2021/22 financial year. This includes a breakdown of audits in progress and completed to date, the number and classification of recommendations made, agreed and where applicable, implemented by management.

6.1.2 The work of the internal audit service is primarily based upon an annual risk assessed audit plan, which for the financial year 2021/22 was agreed by this Committee at the 23rd June 2021 meeting. The Internal Audit service also carry out work outside of the audit plan for which a contingency is usually built in. This unplanned work consists mainly of internal control consultancy work and special investigations into suspected fraud and irregularity.

6.2 Audits Reports Issued & Status of Agreed Recommendations

6.2.1 A summary of the Audit Reports issued during the period 1st November 2021 to 31st January 2022 is shown in the table below. Further details of these audits outlining key issues and strengths and improvements are shown in **Appendix 1**.

Service	Audit	Recommendations			Assurance
		High Risk	Medium Risk	Low Risk	
Assets	Commercial Properties	0	1	9	Satisfactory
Development Services	Land Charges	0	0	3	Satisfactory
OD & Transformation	Human Resources	0	1	15	Satisfactory
Service Commissioning	Cemeteries	0	1	8	Satisfactory
OD & Transformation	ICT Asset Management	0	3	7	Satisfactory
Finance	Budgetary Control	0	0	0	Substantial

6.2.2 A further breakdown of all of the audits in progress and completed during the current financial year including the current status of audit recommendations is detailed in **Appendix 2**. All audit recommendations have been agreed, and to date 100% of 2021/22 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit are satisfied that they will be resolved in an appropriate manner and they will continue to monitor such cases. It should be

noted that it is the responsibility of relevant Managers to implement agreed recommendations.

- 6.2.3 Councillors will note that in addition to every individual audit recommendation being allocated a risk, every audit completed has been given an ‘assurance opinion’ based upon Internal Audit’s assessment of the internal control environment. These assurance opinions inform the annual audit opinion on the overall adequacy and effectiveness of the Council’s internal control environment. The control levels are defined as follows:

Control Level	Definition
Substantial	There is a robust framework of controls designed to achieve the objectives and controls are consistently applied.
Satisfactory	There is a sufficient framework of controls which for the most part, are consistently applied. However, weakness in the design or inconsistent application of controls within a few areas put achievement of particular objectives at risk.
Limited	Weaknesses in the system or the level of non compliance with controls in a number of areas are such to put the system objectives at risk.
Unsatisfactory	There is a significant breakdown in the framework of controls, which leaves the system open to significant abuse or error.

- 6.2.4 **Appendix 3** is a summary of recommendations made in the previous financial year 2020/21 implemented to date. This information will keep Councillors informed of progress made to ensure that all previous year audit recommendations are implemented. Due dates for implementation of some previous year recommendations will fall into 2021/22 and beyond depending on when the audit was carried out so this appendix will show when those recommendations become due for implementation. In due course, all recommendations will fall due and it will be possible to clearly identify which recommendations have not been implemented.

- 6.2.5 To date 86% of 2020/21 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit are satisfied that they will be resolved in an appropriate manner and they will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

6.3 Audits In Progress

- 6.3.1 The status of audits that are currently in progress is shown in the table below.

Service	Audit	Status
Operations	Housing Repairs & Maintenance	Audit Complete. Management Response.
Environmental Health	Licensing	Audit in Progress.

Service	Audit	Status
Regeneration	Markets	Audit in Progress.
Communities & Climate Change	Strategic Partnerships	Audit in Progress.
Development Services	Building Control Contract Management	Audit in Progress.
Customer Services	Civica Pay	Audit in Progress.
Finance	Sundry Debtors	Audit in Progress.
Finance	Treasury Management	Audit in Progress.

6.4 Progress against Audit Plan

- 6.4.1 The 2021/22 financial year has seen slow but steady progress against planned audits and all of the audits in progress or nearing completion as detailed in 6.3 above will be completed soon. Due to the ongoing Covid-19 pandemic, considerable audit resource during April and May 2021 was diverted to continue to support the corporate response to the administration of the Government business grants support schemes and this support has continued on an ad-hoc basis since the 2021/22 audit plan was commenced in June 2021 due to the introduction of further Government grant schemes. More grant schemes commencing in January 2022 have again required considerable audit resource which will continue until no longer required.
- 6.4.2 In addition audit resources have been further reduced from December 2021 due to a staff secondment. As a direct consequence of this, six audits have been removed from the 2021/22 Audit Plan to take into account the reduction in available audit days as follows: Assets & Facilities; Housing Strategy; Pollution & Noise Control; Regeneration; Cultural Development; Customer Services. Given the remaining audit work that still needs to be completed and the uncertainty of available audit resources, it is probable that the Audit Plan will take longer to complete than originally planned, however this should not affect Internal Audit's ability to provide the annual audit opinion
- 6.4.3 Current key progress information is summarised in the following table, excluding unplanned work unless otherwise stated:

Summary Progress Information to 31st January 2022	
Percentage of Audit Plan completed / substantially completed	46%
Percentage of Audit Plan In Progress	27%
Number of recommendations made (including unplanned work)	80
Percentage of recommendations agreed with Service Managers (including unplanned work)	100%
Percentage of recommendations implemented within agreed timescale (including unplanned work)	100%

6.4.4 Should recommendations have not been agreed, compensating controls exist or service managers have accepted the risk / inefficiency of the current system for the benefit of service delivery.
