

The adjacent plan shows the full extent of Spring Gardens within the town Centre of Buxton. The site is bounded by Terrace Road to the west and Bridge St to the east. Retail units enclose the site to the north and south sides. Other key landmarks close to the site of importance include;

- The Crescent to the west
- The Town Hall to the south west
- The Railway Station to the north
- The River Wye to the east
- The Viaduct to the east

As part of previous work and consultation events High Peak Borough Council have already carried out, three key spaces were identified for Public Realm Regeneration works. These are identified by the red line boundaries below.

However, the client also has aspirations to look beyond these areas and find ways to link the spaces together.
