Biddulph Valley Park	Play area on a large park centrally located in Biddulph. Located near to the leisure centre. Site refurbished in 2010 so equipment generally in good condition. Some issues around sporadic vandalism and anti-social behaviour at this site.		None	Recently suffered an arson attack which has destroyed the main climbing unit - due for replacement. Seems to be a mismatch of equipment ages but it would be good to look at the rest of the equipment in the next 4 years.	£70,000	2025
Brown Lees Play Area	Important play area serves the Brown Lees area of Biddulph. Play area refurbished in 2011 so in good condition.		None		N/A	
Church Road Play Area	Located on Church Road Playing Fields in Biddulph east this is an important play area which has suffered from vandalism and ASB. Site was redeveloped in 2016 as a result of persistent vandalism. New climbing unit installed and cable-way reinstated in 2020.		None	Needs some repair/re-design work to sort out the timber sleepers within the play area. The play area within the fence could be enhanced to give more play opportunities and value to the lower ages - this would improve the play offer for this site. Furthermore the items for the junior ages which sit outside the fenced area and near the MUGA would benefit from the underfoot conditions being improved.	£60,000	2023
Church Road MUGA	Installed in 2010.		None. But listed in the LFFP and therefore could attract Football Foundation funding.	Generally sound although some of the fencing is now looking tired. Recently one of the upright supports required resecuring. Floodlights were never fully connected and thus have never been used.	£50,000	2024
