The report was considered by the Resources Overview and Scrutiny Panel on 21 September 2022.

Options considered:

The alternative to introducing a new scheme for Council Tax Reduction from 2023/24 was to leave the existing scheme in place. This would be a short-term option; lead to continuation of increasing costs of administration; and in the longer term, significantly affect the collection of Council Tax and the effectiveness of the scheme to support households within the Council's area. If the existing scheme remained our proposal would be to remove the calculation letter that accompanies the bill currently and set a monetary limit on the changes to Universal Credit reported by the DWP, so that there were fewer changes to Local Council Tax Reduction. In addition we would allow using the amount of Income advised by DWP without any
