7. Introduction

7.1 The purpose of an Annual Report is to look back and take stock of the progress and achievements made against the Council's stated objectives and to use this intelligence to understand what still need to be done and what new challenges lie ahead. The Annual Report does this by:

- Presenting a place profile for the High Peak, such as health factors, deprivation levels, economic indicators and access to housing
- Looking at the Council's performance against its targets
- Analysing performance and costs against national and regional comparisons
- Presenting the principal risks facing the Council; and
- Outlining the financial challenges facing the authority over the course of its Medium Term Financial Plan.

8. Place Profile

8.1 The highlights from the place profile are as follows:

- Over 30% of the area is classed as rural
- Aging population, 65+ projected to become the largest resident group by 2023
- Average levels of unqualified residents with below average residents being educated to degree level and above
- Health outcomes – below average for female life expectancy
- Employment – higher than average unemployment rate
- Crime – sits in the lowest 40% of areas for recorded crime

9. Performance / Benchmarking

9.1 Benchmarking shows that High Peak is a low cost Council; at £96.99 per head, net expenditure is very low when compared to all district councils in England.

9.2 Headline findings from the Local Government Association Corporate Peer Challenge identified that the Council ' *Delivers high-quality, low cost services that are value for money and have been well managed over a number of years*' highlighted our ' *Strengths in governance and financial management and in investing in staff and elected members*' and recognised the Council as being ' *At the forefront of creative thinking with a clear focus on efficiency and resilience*'.
