6. Detail

6.1 Introduction

6.1.1 The purpose of this report is to summarise performance information for the Council's Internal Audit service for the 2023/24 financial year. This includes a breakdown of audits in progress and completed to date, the number and classification of recommendations made, agreed and where applicable, implemented by management.

6.1.2 The work of the internal audit service is primarily based upon an annual risk assessed audit plan, which for the financial year 2023/24 was agreed by this Committee at the 21st June 2023 meeting. The Internal Audit service also carry out work outside of the audit plan for which a contingency is usually built in. This unplanned work consists mainly of internal control consultancy work and special investigations into suspected fraud and irregularity.

6.2 Audits Reports Issued & Status of Agreed Recommendations

6.2.1 A summary of the Audit Reports issued during the period 1st September 2023 to 30th November 2023 is shown in the table below. Further details of these audits outlining key issues and strengths and improvements are shown in **Appendix 1**.

Service	Audit	Recommendations			Assurance
		High Risk	Medium Risk	Low Risk	
Communities & Climate Change	Climate Change	0	1	9	Satisfactory
Legal & Election Services	Right to Buy	0	3	4	Satisfactory
Housing Services	Housing Rents	0	1	0	Satisfactory
Service Commissioning	Leisure Contract Management	0	4	6	Satisfactory
Service Commissioning	Procurement	0	2	13	Satisfactory
Service Commissioning	Pavilion Gardens Contract Management	0	4	5	Satisfactory

6.2.2 A further breakdown of all of the audits in progress and completed during the current financial year including the current status of audit recommendations is detailed in **Appendix 2**. All audit recommendations have been agreed, and to date 100% of 2023/24 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit are satisfied that they will be resolved in an appropriate manner and they will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

6.2.3 Councillors will note that in addition to every individual audit recommendation being allocated a risk, every audit completed has been given an ‘assurance opinion’ based upon Internal Audit’s assessment of the internal control environment. These assurance opinions inform the annual audit opinion on the overall adequacy and effectiveness of the Council’s internal control environment. The control levels are defined as follows:

Control Level	Definition
Substantial	There is a robust framework of controls designed to achieve the objectives and controls are consistently applied.
Satisfactory	There is a sufficient framework of controls which for the most part, are consistently applied. However, weakness in the design or inconsistent application of controls within a few areas put achievement of particular objectives at risk.
Limited	Weaknesses in the system or the level of non compliance with controls in a number of areas are such to put the system objectives at risk.
Unsatisfactory	There is a significant breakdown in the framework of controls, which leaves the system open to significant abuse or error.

6.2.4 **Appendix 3** is a summary of recommendations made in the previous financial year 2022/23 implemented to date. This information will keep Councillors informed of progress made to ensure that all previous year audit recommendations are implemented. Due dates for implementation of some previous year recommendations will fall into 2023/24 and beyond depending on when the audit was carried out so this appendix will show when those recommendations become due for implementation. In due course, all recommendations will fall due and it will be possible to clearly identify which recommendations have not been implemented.

6.2.5 To date 99% of 2022/23 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit are satisfied that they will be resolved in an appropriate manner and they will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

6.3.1 The status of audits that are currently in progress is shown in the table below.

6.4 Progress against Audit Plan

6.4.1 The 2023/24 financial year has seen steady progress against planned audits and all of the audits in progress or nearing completion as detailed in 6.3 above will be completed soon. An Auditor post will become vacant in December due to an internal transfer which may result in a reduction in the number of originally planned audits that are completed, however this will not affect Internal Audit's ability to provide the annual audit opinion.

6.4.2 Current key progress information is summarised in the following table, excluding unplanned work unless otherwise stated:

Summary Progress Information to 30 th November 2023	
Percentage of Audit Plan completed / substantially completed	30%
Percentage of Audit Plan In Progress	22%
Number of recommendations made (including unplanned work)	64
Percentage of recommendations agreed with Service Managers (including unplanned work)	100%
Percentage of recommendations implemented within agreed timescale (including unplanned work)	100%

6.4.3 Should recommendations have not been agreed, compensating controls exist or service managers have accepted the risk / inefficiency of the current system for the benefit of service delivery.
