- Appendix Two: Draft Terms of Reference for the High Peak Cultural Strategy Advisory Group.
- Appendix Three: Draft Application Form for Cultural Strategy Advisory Group Members.

1. Reason for the Report

- 1.1 To update members on the process to create an Arts, Culture and Heritage Strategy and an associated Action Plan for the Borough using the methods outlined in this report.
- 1.2 To update members on the plans to create a Cultural Strategy Advisory Group, who will assist the Arts, Culture and Heritage Officer to create a Cultural Strategy and Action Plan for the Borough.

2. Recommendation

- 2.1 That the members of the Executive note the process for the creation of a Cultural Strategy Advisory Group, Cultural Strategy and Cultural Action Plan for the Borough following the approach outlined in the report.
- 2.2 That members of the Executive consider 3 members (politically balanced) to join the advisory group.

3. Executive Summary

3.1 The High Peak has a rich variety of arts, culture and heritage assets spread across the Borough. However, there is no strategy or framework to unite the sector in shared goals, knowledge sharing, fundraising and data gathering.

3.2 The Corporate Plan commits the Council to producing a Cultural Strategy.

3.3 Cultural Strategies provide a framework for cultural activity in the Borough for the Council, Creative Business', Charities and other Cultural Organisations and Individuals.

3.4 Benefits of a Cultural Strategy include:

- Gathering data and consultation to identify the current and ongoing state of arts, culture and heritage activity, gaps in provision and areas of growth.¹
- Identification of partnership opportunities, both for the Council, and for external organisations.²
- Agreement of priorities with partners.³
- Setting of targets in priority areas, which are then achieved by partnership-working activity.³
- Increased knowledge sharing and partnership working.⁴
- Increased external funding entering the area as a result of increased partnership working and access to data.⁴
- Increased community engagement with cultural activities which has been proven to have several benefits⁵ including, but not limited to:
 - Improving the quality of life for residents.⁶
 - Reducing social isolation.⁷
 - Improving health and wellbeing.⁸
 - Reducing instances of anti-social behaviour.⁹
 - Improved community cohesion.¹⁰
 - Increased opportunities for young people.¹¹
- Demonstration of the Council's commitment to Arts, Culture and Heritage and the social and economic benefits it brings.
- Increased economic activity and roles, both paid and voluntary, in the Arts, Culture and Heritage Sector.¹²
- Increased tourism, footfall, and dwell time.¹³

3.5 The absence of a Cultural Strategy Cultural Strategy results in the following negative effects:

- Lack of shared vision and targets for the Council and the Arts, Culture and Heritage sector in the Borough.
- Difficulty in gathering useful, up-to-date data and information.
- Difficulty in information sharing among the sector and Council.
- Difficulty in obtaining funding due to lack of partnership working, good data, and a framework for cultural activity for the area.
- Lack of incentive for arts, culture and heritage businesses and charities to relocate to the area without a cultural strategy framework.¹⁴
- Absence of shared targets and priority areas between the council and partners.

- Absence of long-term goals leading to intermittent provision and planning.
- Absence of “joined up thinking” across the Borough leading to missed opportunities and wasted resource.

3.6 The Council is proposing following the model for writing a Cultural Strategy produced by Arts Council England¹⁵.

3.7 The key steps of creating the Strategy and Action Plan are outlined in Appendix Item 1.

3.8 The activity to complete the Cultural Strategy and action plan will take a maximum of one year to complete.

3.9 The key steps are as follows. More information can be found in Item 8 of this Report and Appendix Item 1.

- Create an advisory group: The Cultural Strategy Advisory Group
- Create a marketing and communications plan
- Set parameters for the strategy
- Gather data
- Literature Review (Research)
- Consultation Stage One
- Identify Priorities
- Publish Data
- Joint Cultural Needs Analysis
- Consultation Stage Two
- Write The Strategy
- Write The Action Plan
- Finalise and Publish the Strategy and Action Plan

4. **How this report links to Corporate Priorities**

4.1 Aim 1 of the Borough Plan for 2023-27 contains the following objective: “*Enhance the distinctive culture, creativity and heritage of the Borough*”. This is supported by the following priority action: “*Develop a Cultural Strategy to support and celebrate the rich history and culture of the Borough*” with a “*New Cultural Strategy*” listed as a one of the three priority outcomes under Aim1.

5. **Alternative Options**

5.1 None identified.

6. **Implications**

6.1 Community Safety - (Crime and Disorder Act 1998)

Research has shown that increased arts and culture activity reduces instances of violent crime and antisocial behaviour. ⁹

6.2 Workforce

None

6.3 Equality and Diversity/Equality Impact Assessment

An Equality Impact Assessment has been completed. Key actions to ensure that the process is equitable include:

- Recruiting a diverse Advisory group.
- Targets set around consultation demographics.
- A second round of consultation and data gathering will take place in order to identify gaps from the first round of consultation.
- Equality Impact Assessments will be completed at the writing stage for the Cultural Strategy and the accompanying Action Plan.

6.4 Financial Considerations

The completion of the cultural strategy will be completed in-house by Council Staff with no external consultant costs. A small, additional budget for workshops and consultation events will be funded by UKSPF funds that have been ringfenced for the Arts & Culture Strategy.

6.5 Legal

None

6.6 Climate Change

Environmental sustainability will be embedded into the Strategy and Action Plan. "Environmental Sustainability" will be a standing item on the Advisory Group Agenda.

The potential environmental impact of the Strategy will be assessed as part of the Joint Cultural Needs Assessment and during the Writing Phase.

The Action Plan will be assigned a Carbon Budget using Julie's Bicycle¹⁶ tools, and sustainable practices from the Theatre Green Book¹⁷ will be embedded into all activity.

The Cultural Strategy has the potential to raise awareness of climate topics by presenting them to communities in engaging artistic formats and connecting communities to the natural world around them.¹⁸

The Strategy has the potential to reduce the environmental impact of the Arts, Culture and Heritage Industry by building knowledge

sharing networks, partnership working and fundraising support.

6.7 Consultation

A consultation plan will be devised as part of the Cultural Strategy Development process to ensure that the public (including underserved audiences) and the arts, culture and heritage sector feed into the Strategy.

6.8 Risk Assessment

The absence of a culture strategy represents an opportunity loss for the Council. See 3.5 for more detail.

-----------------	----------------------------------	------	-------

- 7.2 The absence of a Cultural Strategy for the Borough makes it difficult to assess current Arts, Culture and Heritage funding distributed by the Council, and how this will be best distributed in the future to best meet the Council's aims.
- 7.3 The Council have recently appointed an Arts, Culture and Heritage Officer whose role includes delivery of a Cultural Strategy.
- 7.4 The Council owns the land containing the Melandra Roman Fort archaeological site. A Conservation Management Plan was agreed in 2023 in partnership with Historic England and runs until 2028. This commits the council to maintaining the site in order to preserve the archaeological site and improving certain aspects of access and sign posting. There is huge potential to develop the site into a community and tourism asset which will be explored in line with the previously approved management approach alongside development of the Cultural Strategy.

8.4 The timeline of the development of the strategy is outlined below.

█	Main Activity
▒	Ongoing Activity

9 Advisory Group

9.1 The use of an Advisory Group to develop Cultural Strategies is highly encouraged by many methodologies, including that set out by Arts Council England.

9.2 The advantages of an Advisory Group as part of a Cultural Strategy include:

- Contribution of a wide range of professional expertise to draw on.
- A ready-made group of core stakeholders invested in the Strategy.

- Representation from other sectors such as Tourism, Health and Education to ensure a shared strategic agenda.
- Shared strategic alignment and goals with key partners for delivery of the strategy.
- Ability to form sub-groups to tackle particular challenges.
- Diverse representation of a range of lived experiences to inform the strategy is suitable for all.

9.3 The Cultural Strategy Advisory Group will have the following parameters:

- The Chair will be the leader of the Council, with assistant executive member (Cllr Taylor) acting as required as vice chair.
- The Group will be administered by the Arts, Culture & Heritage Officer.
- The Group will be formalised.
- A Draft Terms of Reference can be found in Appendix 2.
- The Group's purpose will be to advise on the Cultural Strategy with a focus on certain steps of the development as outlined in Appendix 1.
- No more than 25 individuals.
- Up to 3 members of the Community Select Committee (Politically balanced).
- Anyone 18 or over is eligible to apply.
- Membership of the Group is voluntary and unpaid.
- Expenses will be paid only to remove barriers to inclusion; for example, transport costs, BSL interpretation.

9.4 Recruitment to the Cultural Strategy Advisory Group will be conducted as follows:

- A diverse, representative, experienced and passionate Advisory group will bring the necessary skills, experience, diversity and creative energy to the project.
- The member selection and application process will follow the UK Theatre Inclusive Employment Guidelines and comply with the Alliance's Equality and Diversity Policy.
- The opportunity to sit on the Advisory Group will be widely advertised through the Council's social media channels and in collaboration with external partners.
- The application form will consist of a skills & diversity audit questionnaire (draft version in Appendix 3) and a short paragraph or audio/visual submission explaining why the applicant would like to sit on the Advisory group.
- The skills and diversity method of recruitment as shown in Appendix 3 has been created using Arts Council England's Recruitment and Workforce Development Toolkit¹⁹. The form is intended only for external applicants and not for elected members of the Council.
- Every effort will be made to create a Group consisting of diverse individuals who represent a wide range of experience, geographies and demographics.
- Some applicants may be interviewed before appointment at the discretion of the Chair.

- Members will be chosen by the Chair and vice chair, with administrative assistance from the Arts, Culture and Heritage Officer.
- Membership and working methods will be reviewed periodically as set out in Appendix 1.

9.5 Draft meeting dates for the Advisory Group are outlined in Appendix 1. It is proposed that meetings will be held via Teams, except for two in-person half-day workshops.

9.6 The Advisory Group has the potential continue in some form as a Strategic Body/Cultural Compact after the completion of the Cultural Strategy and Action Plan in order to oversee the delivery of the Action Plan, deliver partnership projects and apply for large pots of external funding as a collective.³ This will be reviewed during the final stages of delivery of the Cultural Strategy.
