- **Appendix A (Draft Medium Term Financial Plan 2024/25 to 2027/28)**

1. Reason for the Report

- 1.1 This report presents the Council's updated draft Medium Term Financial Plan (MTFP). The MTFP presents the Council's priorities in the context of the likely resources available, providing a financial context to future decision-making. It is reflective of the current financial position of the Council part way through the 2023-24 year and contains a large number of assumptions that will be refined and quantified to inform a final version of the MTFP for approval in February 2024. To this extent, this report and its contents should be considered indicative.

2. Recommendations

- 2.1 That the Executive approve the updated draft Medium Term Financial Plan (Appendix A) prior to being refined in advance of full approval in February 2024.

3. Executive Summary

- 3.1 The medium-term financial planning process provides the Council with the opportunity to plan its delivery of public services in accordance with local priorities and against the backdrop of unprecedented public sector financial constraint.

- 3.2 The Medium-Term Financial Plan (MTFP) is updated in accordance with the budget cycle. This version of the MTFP presents the Council's finances over a four-year period, namely 2024/25 to 2027/28. At this stage the plan should be considered as draft and subject to change as more information becomes available. It sets the context for the preparation of the 2024/25 budget which will need to be approved by the Council in February 2024.
- 3.3 The draft Plan provides:
- Details of current budgetary provision and Strategic Priorities.
 - A focus on the transformation programme and the consequential financial implications, including the capital programme and efficiency & rationalisation plan.
 - Updated inflation and interest assumptions using the latest forecasts and the impact of changes in budgetary demand and funding.
 - Details of areas of changed budgetary demand and risks that will impact on the Council's financial position.
- 3.4 As is typical at this stage of its production, the draft MTFP remains unbalanced and awaits the development and refinement of a large number of current assumptions and, significantly, the outcome of the Local Government Financial Settlement which is not expected until late December 2023.
- 3.5 This draft version of the MTFP sets the context for the development of the 2024/25 Budget. Members will receive a further update of the MTFP to consider the final budget proposals in February 2024. The following actions will be completed to ensure that these proposals are robust:
- Continued development of a new transformation programme reflecting the need to address the financial pressures being experienced
 - Revision of the Council's Capital Strategy and further update of the Asset Management Strategy building on the outcome of the Condition Surveys
 - Development of detailed budget plans for 2024/25
 - Determination of the level of Council Tax over the life of the Plan reflecting Government capping/ referendum levels
 - Determination of the level of Rent increase to be applied next year
 - Development of detailed proposals for fees and charges increases
 - Complete review of reserves and balances
 - Continue to monitor the ongoing issues arising from the high levels of inflation, utility market volatility and Government spending pressures on funding levels
- 3.16 Alongside the Budget and MTFP presented in February 2024, a Capital Strategy will also be presented for approval together with an updated Procurement Forward Plan.
