1. Policy

1.1 Introduction

All children¹ and adults with care and support needs who are at risk of abuse and neglect² have the right to live their lives to the fullest potential, to be protected, to have the opportunity to participate in and enjoy any activity, and to be treated with dignity and respect.

Staffordshire Moorlands District Council has both a moral and legal obligation to ensure a duty of care for children and adults across its services. We are committed to ensuring that all children and adults are protected and kept safe from harm whilst engaged in services organised and provided by the Council. We believe that safeguarding is everybody's responsibility.

The purpose of this policy and its associated procedures is to help protect all children and adults including those living in our communities or accessing our services and to protect Staffordshire Moorlands District Council, its staff, elected members and volunteers.

1.2 Policy Statement and Scope

The scope of this policy is to understand the district/borough council legislative framework, to outline the procedures to be followed and to identify the relevant contacts in relation to safeguarding children and adults. The policy covers Safeguarding Children and Adults.

Staffordshire Moorlands District Council has a legal responsibility to safeguard, promote wellbeing and protect children and adults.

We will aim to comply with our duties by:

- Respecting and promoting the rights, wishes and feelings of children and adults.
- Raising the awareness of the duty of care responsibilities relating to children and adults throughout the Council.
- Promoting and implementing appropriate procedures to safeguard the well-being of children and adults to protect them from harm.

¹ 'Children' for the purposes of these guidelines are defined as those aged under 18 years.

² The safeguarding duties apply to an adult who: has needs for care and support (whether or not the local authority is meeting any of those needs) and; is experiencing, or at risk of, abuse or neglect; and as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect. The adult experiencing, or at risk of abuse or neglect will hereafter be referred to as the adult throughout this policy.

- Creating a safe and healthy environment within all our services, to protect all parties and reduce the risk of abuse or allegations of abuse from occurring.
- Recruiting, training, supporting and supervising staff, elected members and volunteers to adopt best practice to safeguard and protect children and adults from abuse, and to also minimise any risks to themselves.
- **Responding promptly to any suspicions or allegations of misconduct or abuse of children or vulnerable adults in line with the Staffordshire Safeguarding Children Board (SSCB) inter-agency procedures for safeguarding children and promoting their welfare and Staffordshire and Stoke-on-Trent Adult Safeguarding Partnership (SSAP) adult safeguarding procedures.**
- Requiring staff, elected members and volunteers to adopt and abide by the Council's Safeguarding Children and Adults at Risk of Abuse and Neglect Policy and Procedures, codes of conduct and associated procedures.
- Reviewing and evaluating this policy and procedure on an annual basis or in line with best practice, changing legislation, organisational requirements and service delivery.
- Ensuring agencies or individuals acting on behalf of Staffordshire Moorlands District Council who have contact with children, young people or adults are subject to safer recruitment procedures. This is also applicable for when the council is working in partnership with other private, voluntary or contracted organisations and employees.

1.3 Principles

This policy and supporting procedures are based on the following principles

- The welfare of children and adults is the primary concern.
- All children and adults irrespective of their age, culture, disability, gender, language, racial origin, socio-economic status, religious belief and/or sexual orientation have the right to protection from abuse and harm.
- It is everyone's responsibility to act on any concerns about abuse in order that children and adults are appropriately safeguarded.
- All incidents of alleged poor practice, misconduct and abuse will be taken seriously and responded to swiftly and appropriately.
- All personal data will be processed in accordance with the requirements of relevant data protection legislation.

1.4 Supporting Documents/Legislation

This policy should be read in conjunction with a number of additional policies and legislative documents, listed in Appendix B.

The major pieces of legislation and guidance are:

- Children Act 1989;
- Children Act 2004;
- Care Act 2014;
- Guidance to the Care Act 2014;
- Safeguarding Vulnerable Groups Act 2006;
- Public Interest Disclosure Act 1998;
- General Data Protection Regulation 2016;
- European Convention of Human Rights;
- Working Together to Safeguarding Children 2015;
- Mental Capacity Act 2005;
- Disclosure and Barring Service (formerly the Criminal Records Bureau (CRB) and Independent Safeguarding Authority (ISA);
- Staffordshire Safeguarding Children Board's inter-agency policies and procedures for safeguarding children and promoting their welfare; and
- Staffordshire and Stoke-on-Trent Adult Safeguarding Partnership Inter-Agency Procedures.

1.5 Responsibilities

- The Council will appoint a senior manager to act as the Council's designated safeguarding officer (the Safeguarding Officer).
- The Safeguarding Officer will nominate or make arrangements for an officer to act as deputy safeguarding officer.
- The Council will cooperate fully with safeguarding partnership arrangements in the County.
- The Council will audit and report on its compliance with this policy and associated statutory duties.

2. Procedure Guide

2.1 Introduction

This set of procedures and guidelines sets out how Staffordshire Moorlands District Council will implement the Safeguarding Children and Adults at Risk of Abuse and Neglect Policy. It is to be used by all staff that come into contact with those who fall under the definition of the procedure, or those who are responsible for managing services that affect these individuals or groups.

The procedure guide is intended to be used in conjunction with the policy document, and other supporting individual service procedures (see appendices for detail).

2.2 Definitions used within the procedure

- The term children or young person is used to refer to anyone under the age of 18 years in accordance with the Children Act 1989.
- All the policies and procedures described within this document refer to adults as well as children.
- Adults at risk for the purposes of this procedure are an adult who: has needs for care and support (whether or not the local authority is meeting any of those needs) and: is experiencing, or at risk of, abuse or neglect; and as a result of those care and support needs is unable to protect themselves from either the risk of, or experience of abuse or neglect.
- The term staff, elected members and volunteers is used to refer to employees, district councillors, volunteers and anyone working on behalf of, delivering a commissioned service for or representing the Council.

2.3 Recognition of Abuse including Neglect and Bullying

Important Rule

It is important to remember that many children and adults will exhibit some of these signs and indicators at some time, and the presence of one or more should not be taken as proof that abuse is occurring. There may well be other reasons for changes in behaviour such as a death, or the birth of a new baby in the family, relationship problems between parents/carers, etc. However, you should always report anything that causes you to suspect that abuse may be happening in order for appropriate action to be taken to ensure the welfare and safety of children and adults.

Recognising Abuse

Recognising abuse is not easy, and it is not the responsibility of council staff, elected members or volunteers to decide whether or not abuse has taken place or if there is significant risk. The Council/authority has a responsibility to act if we think it may be happening.

Abuse and neglect are forms of maltreatment of a child or adult. Somebody may abuse a child or adult by inflicting harm, or by failing to act to prevent harm. Children and adults may be abused in a family or in an institutional or community setting; by those known to them or, more rarely, by a stranger for example via the internet. They may also be abused by an adult or adults, or by another child or children.

Types and Signs of Abuse

Within the relevant legislation and or statutory guidance there are 4 known categories of abuse identified for children and 10 categories of abuse noted for adults.

Children

Physical, emotional (or psychological), sexual and neglect.

Adults

Physical, emotional (or psychological), sexual, neglect, financial, discriminatory, organisational, domestic abuse, modern slavery and self-neglect.

More information on specific types of abuse, such as domestic abuse, child sexual abuse, modern slavery, etc is provided below. Information on recognising the signs of abuse is provided at Appendix A.

Other types of abuse

Domestic Violence and Abuse

The Home Office defines domestic violence and abuse as: *“Any incident or pattern of incidents of controlling³, coercive⁴ or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse; psychological, physical, sexual, financial and/or emotional”*.

³ Controlling behaviour is: a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.

⁴ Coercive behaviour is: an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.

In all cases where there is knowledge or suspicion that there exists a **potential** for a child or children to be suffering harm as a result of domestic violence and abuse, then a referral should be made in accordance with the procedural flow chart provided at Appendix B1. Telephone numbers for key contacts are provided at Appendix G.

Where it is thought that a victim of domestic violence and abuse meets the definition of an adult at risk of abuse and neglect, then an Adult Protection referral should be made in accordance with the procedural flow chart provided at Appendix B1. Telephone numbers for key contacts are provided at Appendix G.

Hidden Harm

Children may be suffering from the effects of what is known as 'hidden harm' if they live with parents or carers who are misusing drugs or alcohol. Children in these situations may be acting as young carers or they may be subjected to any of the forms of abuse described above. Separate policies and procedures for children living with parents who misuse substances can be found on the SSCB website.

www.staffsscb.org.uk/Professionals/Procedures/Procedures.aspx

Child Sexual Exploitation

Child sexual exploitation is a form of sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. (DFE2017)

Children and Young people do not make informed choices to enter or remain in sexual exploitation. Rather, they do so from coercion, enticement, manipulation, fear or desperation.

For further guidance see

www.staffsscb.org.uk/Professionals/Procedures/Procedures.aspx

Forced Marriage

Forced marriage⁵ is a marriage without the full and free consent of both parties. It is a form of domestic violence and an abuse of human rights. In an arranged marriage the family will take the lead in arranging the match but the couples have a choice as to whether to proceed. In forced marriage, one or both spouses do not (or, in the case of some disabled young people and some adults, cannot) consent to the marriage and some element of duress is involved.

Duress can include physical, psychological, sexual, financial and emotional pressure.

It is important to note that the Mental Capacity Act does **NOT** allow for consent to marry to be given on behalf of a person without capacity to make this decision for themselves.

Female Genital Mutilation

Female genital mutilation (FGM) includes procedures that intentionally alter or cause injury to the female genital organs for non-medical reasons. (World Health Organisation, 2014). It is illegal in the UK.

FGM is known by a number of names including “female genital cutting”, “female circumcision” or “initiation”. The term female circumcision suggests that the practice is similar to male circumcision, but it bears no resemblance to male circumcision, has serious health consequences and no medical benefits. FGM is also linked to domestic abuse, particularly in relation to honour based violence.

Modern slavery

Modern slavery encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

The organised crime of human trafficking into the UK has become an issue of considerable concern to all professionals with responsibility for the care and protection of children and adults. Any form of trafficking humans is an abuse.

Trafficking of persons means the recruitment, transportation, transfer, harbouring or receipt of persons, by means of the threat of, or use of coercion, abduction, fraud,

⁵ Research carried out by the then Department for Children, Schools and Families estimated that the national prevalence of reported cases of forced marriage in England was between 5,000 and 8,000, with the youngest victim being 2 years old and the oldest 76 years..

deception, abuse of power or of a position of vulnerability. It also includes the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation.

It is important to note that some cases involve UK-born people being trafficked within the UK, e.g. people being trafficked from one town to another. The consent of the victim of trafficking is irrelevant where any of the above methods have been used.

Trafficked people may be used for sexual exploitation, agricultural labour including tending plants in illegal cannabis farms and benefit fraud. Children as well as adults are trafficked.

If you have a concern regarding the possible trafficking of a person you should immediately contact the Designated Safeguarding Officer or Deputy. Practitioners should not do anything which would heighten the risk of harm or abduction to the child or adult.

Race and Racism

People from black and minority groups (and their parents or carers) are potentially likely to have experienced harassment, racial discrimination and institutional racism. Although racism causes significant harm it is not, in itself, a category of abuse (unless the victim meets the definition of an adult at risk of abuse and neglect, in which case an appropriate referral should be made) and dealing with it is considered under other specific policies of the Council and the District Community Safety Partnership.

Hate Crime

The Association of Chief Police Officers⁶ (ACPO) and the Crown Prosecution Service (CPS) have a nationally agreed definition of Hate Crime. Hate crimes are taken to mean any crime where the perpetrator's hostility or prejudice against an identifiable group of people is a factor in determining who is victimised. This is a broad and inclusive definition. A victim does not have to be a member of the group. In fact, anyone could be a victim of a hate crime.

The Crown Prosecution Service (CPS) and The Association of Chief Police Officers (ACPO) have agreed 5 monitored strands of hate crime as set out below. A hate crime is any criminal offence that is motivated by hostility or prejudice based upon the victim's:

- disability
- race
- religion or belief
- sexual orientation
- transgender identity

⁶ ACPO was replaced by the National Police Chiefs' Council (**NPCC**) in 2015.

Hate crime can take many forms including:

- physical attacks such as physical assault, damage to property, offensive graffiti and arson
- threat of attack including offensive letters, abusive or obscene telephone calls, groups hanging around to intimidate, and unfounded, malicious complaints
- verbal abuse, insults or harassment - taunting, offensive leaflets and posters, abusive gestures, dumping of rubbish outside homes or through letterboxes, and bullying at school or in the workplace.

If the victim of a Hate Crime meets the definition of a adult at risk of abuse and neglect, an Adult Protection referral should be made. See Appendix G for telephone numbers for key contacts.

Safeguarding People who are Vulnerable to being drawn into Violent Extremism and/or Terrorism

The current threat from terrorism in the United Kingdom can involve the exploitation of vulnerable people, including children of all ages, young people and adults to involve them in terrorism or activity in support of terrorism.

Violent Extremism is defined by the Crown Prosecution Service (CPS) as: *"The demonstration of unacceptable behaviour by using any means or medium to express views, which:*

- *Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;*
- *Seek to provoke others to terrorist acts;*
- *Encourage other serious criminal activity or seek to provoke others to serious criminal acts;*
- *Foster hatred which might lead to inter-community violence in the UK."*

There are a number of offences that can be considered when dealing with violent extremism. They include offences arising through spoken words, creation of tapes and videos of speeches, internet entries, chanting, banners and written notes and publications.

The main offences employed to date have been soliciting murder and inciting racial hatred.

The Stoke-on-Trent and Staffordshire Local Safeguarding Children Boards and the Staffordshire and Stoke-on-Trent Adult Safeguarding Partnership Board recognise the need to protect people against the messages of all violent extremism including that linked to Far Right / Neo Nazi / White Supremacist, Al Qaeda ideologies, Irish

Nationalist and Loyalist paramilitary groups, and that linked to Animal Rights movements.

2.4 Reducing the risk of abuse

The Council will seek to limit the situations where the abuse of children and vulnerable adults may occur, by promoting good practice to all staff, elected members, volunteers and the Council's agents. Appendix A:2 provides more information on the risk factors for abuse, Appendix C lists relevant guidance and legislation and Appendix D provides information on good practice when working with children and adults at risk of abuse and neglect.

2.5 Responding to Disclosure, Suspicions and Allegations

Council employees/ elected members/ volunteers or agents of the Council may come across cases of suspected abuse either through direct or indirect contact with children and adults, for example, running a holiday activity, or for peripatetic staff visiting homes as part of their day to day work. It is not an employee's/ elected members/ volunteer's or Council agent's responsibility to decide whether or not a child or adult has been abused. It is however their responsibility to act immediately on any such suspicions and report their concerns and to ensure any relevant information is passed to the appropriate person or organisation.

2.5.1 Responding to Disclosure

Abused children and adults are more likely to disclose details of abuse to someone they trust and with whom they feel safe. By listening and taking seriously what the child or adult is saying employees/ elected members/ volunteers are already helping the situation. Appendix A:3 provides information on responding to disclosure including "do's" and "don'ts" points to help employees to respond appropriately.

2.5.2 Responding to Concerns

It is the responsibility of the individual employee, elected member, volunteer or Council agent to take action where there are safeguarding concerns.

If any employee, elected member or volunteer has any concerns regarding a child or adult who they think is being abused it is important for them to act immediately. All concerns must be shared with the Designated Safeguarding Officer. If this person is not available, either because they are on annual leave or off sick then any concerns should be discussed with a nominated deputy who will take responsibility for safeguarding when the designated lead is unavailable.

The Designated Safeguarding Officer/ Deputy should also ensure that the employee reporting the incident is reassured that their concerns are being appropriately addressed and that they have access to staff support if needed.

The employee, elected member or volunteer must make a record of the concern, this should include

- The date and time;
- The child or adult's name, address and date of birth;
- The nature of the allegation;
- A description of any visible injuries;
- Observations – e.g. a description of the child or adult's behaviour and physical and emotional state;
- What the child or adult said and what was said in reply. Please record this as accurately as possible, using their choice of language;
- Any action taken as a result of the concerns being raised e.g. who was spoken to and resulting actions. Include names, addresses and telephone numbers;
- Sign and date what has been recorded;
- Store the information in accordance with relevant procedures, e.g. Data Protection; and
- Report to and inform your line manager and/or the Council's Safeguarding Officer/Deputy.

Actions to be taken by Designated Officer/Deputy

- Where concerns meet the **threshold for significant harm** a referral must be made to Staffordshire Children's Social Care's First Response Team based at the MASH on **0800 1313126 (between 8.00 am and 5.00 pm and 4.30 pm on a Friday)** or via a brief e-mail firstr@staffordshire.gov.uk with your contact details (please note this should not include any confidential details about a child or young person) and explain the need for an urgent response due to a child protection concern. **The referral must be followed up in writing within 48 hours (the address is written on the multi agency referral form).**
- Where concerns do not meet the threshold for significant harm the Local Support Team should be contacted for advice
- To make an Adult Protection referral advice should be sought from the Contact Centre **0845 604 2719**.
- **Outside of 8.00 am and 5.00 pm** any concerns relating to a child should be directed to Staffordshire County Council **Emergency Duty Service on 0845 6042886**.

Where there is evidence of immediate harm then the employee, elected member, volunteer or Council agent should phone 999 and report the incident to the Police.

Where there is any possibility that a criminal act may have been committed care should be taken not to take any action that may jeopardise any subsequent criminal investigation.

If the child lives outside of Staffordshire but accesses services within Staffordshire, the referral must be made to the area in which the child resides.

2.5.3 Consent

Whilst trained (at Level 2) Council staff should in general discuss any concerns with the child and family and where possible seek their agreement to making referrals to Staffordshire Children's Social Care Services, this should only be done where such discussion and agreement-seeking will not place the child or others at increased risk of suffering significant harm. Staff who have not received specific training in risk assessment should not seek consent but should refer their concerns to the Designated Safeguarding Officer/ Deputy. The Safeguarding Officer/Deputy will consider whether consent should be gained.

Consent is **not** required for referrals that meet the threshold for significant harm.

Consent is not required for adult protection referrals; however it is good practice to gain consent if possible. If the adult lacks capacity to make a decision to share the information for themselves, a decision can be taken in their best interests about whether this is appropriate.

2.5.4 Responding to allegations against Staff and Volunteers

It is essential that any concerns for the welfare of a child arising from abuse or harassment by a member of staff or a volunteer should be reported **IMMEDIATELY** to the Council's Designated Safeguarding Officer/ Deputy and the Human Resources Manager.

If a child or children have suffered or be at risk of suffering significant harm the Council's Designated Safeguarding Officer/ Deputy will contact First Response and speak to the Staffordshire LADO (Local Authority Designated Officer)

If the matter does not meet the threshold for significant harm the Council's Designated Safeguarding Officer/ Deputy will contact First Response and speak to the LADO within 24 hours

The LADO is a statutory role in relation to allegations against children⁷. They provide an 'Initial Discussion' which allows for the giving of advice and guidance relating to the most appropriate way of managing the allegation or concern, and most importantly will help establish what the 'next steps' should be in terms of investigating the matter further.

The LADO will liaise with police and children's social care safeguarding teams when appropriate, and also discuss with the Designated Safeguarding Lead or Deputy other issues such as – notifying the child's parents/carers; suspending the adult; risks to other children; communication with relevant other organizations/bodies; supporting the adult and possible media interest. The LADO will also monitor the

⁷ As defined in Working Together 2013, Chapter 2, page 48

progress of an investigation and assist an employer in the taking of any difficult judgments about a person's suitability to remain in the children's workforce.

If the allegation is in respect of abuse or harassment of an adult, the Council's Designated Safeguarding Officer/Deputy will make a referral.

Detailed procedures and guidance relating to the management of allegations against people who work with children are contained within the following documents:

- Working Together to Safeguarding Children (2015) Chapter 2

Support for the Referrer

The Council will fully support and protect all elected members/ employees/volunteers who, in good faith (without malicious intent), make a referral about a colleague who may be abusing a child or adult and report his or her concern about a colleague's practice.

This support may take the form of counselling through the Council's service, moving the person reporting the abuse / potential abuse to another workplace temporarily whilst the incident is investigated. The Council also has a whistle blowing procedure which a referrer can follow if there are reasons why the standard procedures for dealing with allegations make them feel particularly vulnerable, or if they consider their concerns are not being acted upon appropriately. However, all elected members/ employees/ volunteers have a duty to safeguard and promote the welfare of children and adults and in order to investigate concerns robustly it may not be possible to maintain complete anonymity, but the interests of the referrer will be protected when concerns are raised.

Disclosure

Any staff member, elected member or volunteer who becomes the subject of a police investigation in relation to physical or sexual offences against adults or children, or are charged with such a criminal offence, must inform the Head of Human Resources. Staff must disclose any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children whether received before, or during their employment at the organisation. The Head of Human Resources will discuss any potential safeguarding matters with the LADO and any required action will be agreed.

Types of Investigation

There may be a number of strands to a child or adult protection investigation e.g. professional strategy meetings, child protection conferences and core groups, criminal investigations joint evaluation meetings (under Staffordshire LADO procedures) as well as disciplinary investigations. Elected members/ employees/ volunteers may need to be involved as witnesses, holders of key information, or in regard to ongoing processes around protection and welfare.

APPENDIX A: GUIDANCE

GUIDANCE 1. RECOGNISING THE SIGNS OF ABUSE

Please note that the tabled examples and signs detailed below may also be indicators of other medical factors and may not necessarily confirm abuse and neglect. These tables are provided as a guide to help Council staff, elected members, volunteers or agents to recognise the signs of abuse and to help them decide whether concerns should be raised.

RISKS THAT INCREASE THE LIKELIHOOD OF ABUSE HAPPENING

There are certain situations and factors that put people at particular risk of abuse. If one or more of these factors are present, it does not mean that abuse will occur but it will increase the risk:

- Isolation.
- Living in the same household as an abuser.
- A previous history of abuse.
- The existence of financial problems.
- A member of the household experiences emotional or social isolation.
- Inappropriate physical or emotional environment e.g. lack of privacy and/ or personal space.
- Where there has been a change of lifestyle e.g. illness, unemployment or employment.
- Dependence on others for personal and practical care.
- Where a person is dependent on other people to administer money or where several people manage their money.
- Where the vulnerable person exhibits difficult and challenging behaviour.
- The carer has difficulties such as debt, alcohol or mental health problems.
- Poor leadership in care services.
- Unmonitored provision of care e.g. where reviews or inspections do not take place.
- Failure to comply with standard operating policies and procedures.

INCREASED RISK TO VULNERABLE CHILDREN

There are many issues that may contribute to child abuse, but some factors *increase* the risk to children and make them more vulnerable to abuse. They can be found in the background of parents, in the environmental situation and in attributes of the child themselves.

Parental factors:

- Parent has a mental illness
- Parent is misusing drugs or alcohol
- Parent has already abused a child
- Parent has previously had children removed
- Unwanted pregnancy/terminations
- Parent has a background of abuse when growing up
- Parents have unrealistic expectations of the child and lack parenting knowledge
- Parent is isolated and has little support
- Parent has a learning difficulty/ disability

Environmental factors:

- Overcrowding in the house
- Poverty or lack of opportunity to improve the family's resources
- Domestic abuse is present
- A non biological adult (i.e. unrelated) living in the house
- Family is experiencing multiple stresses

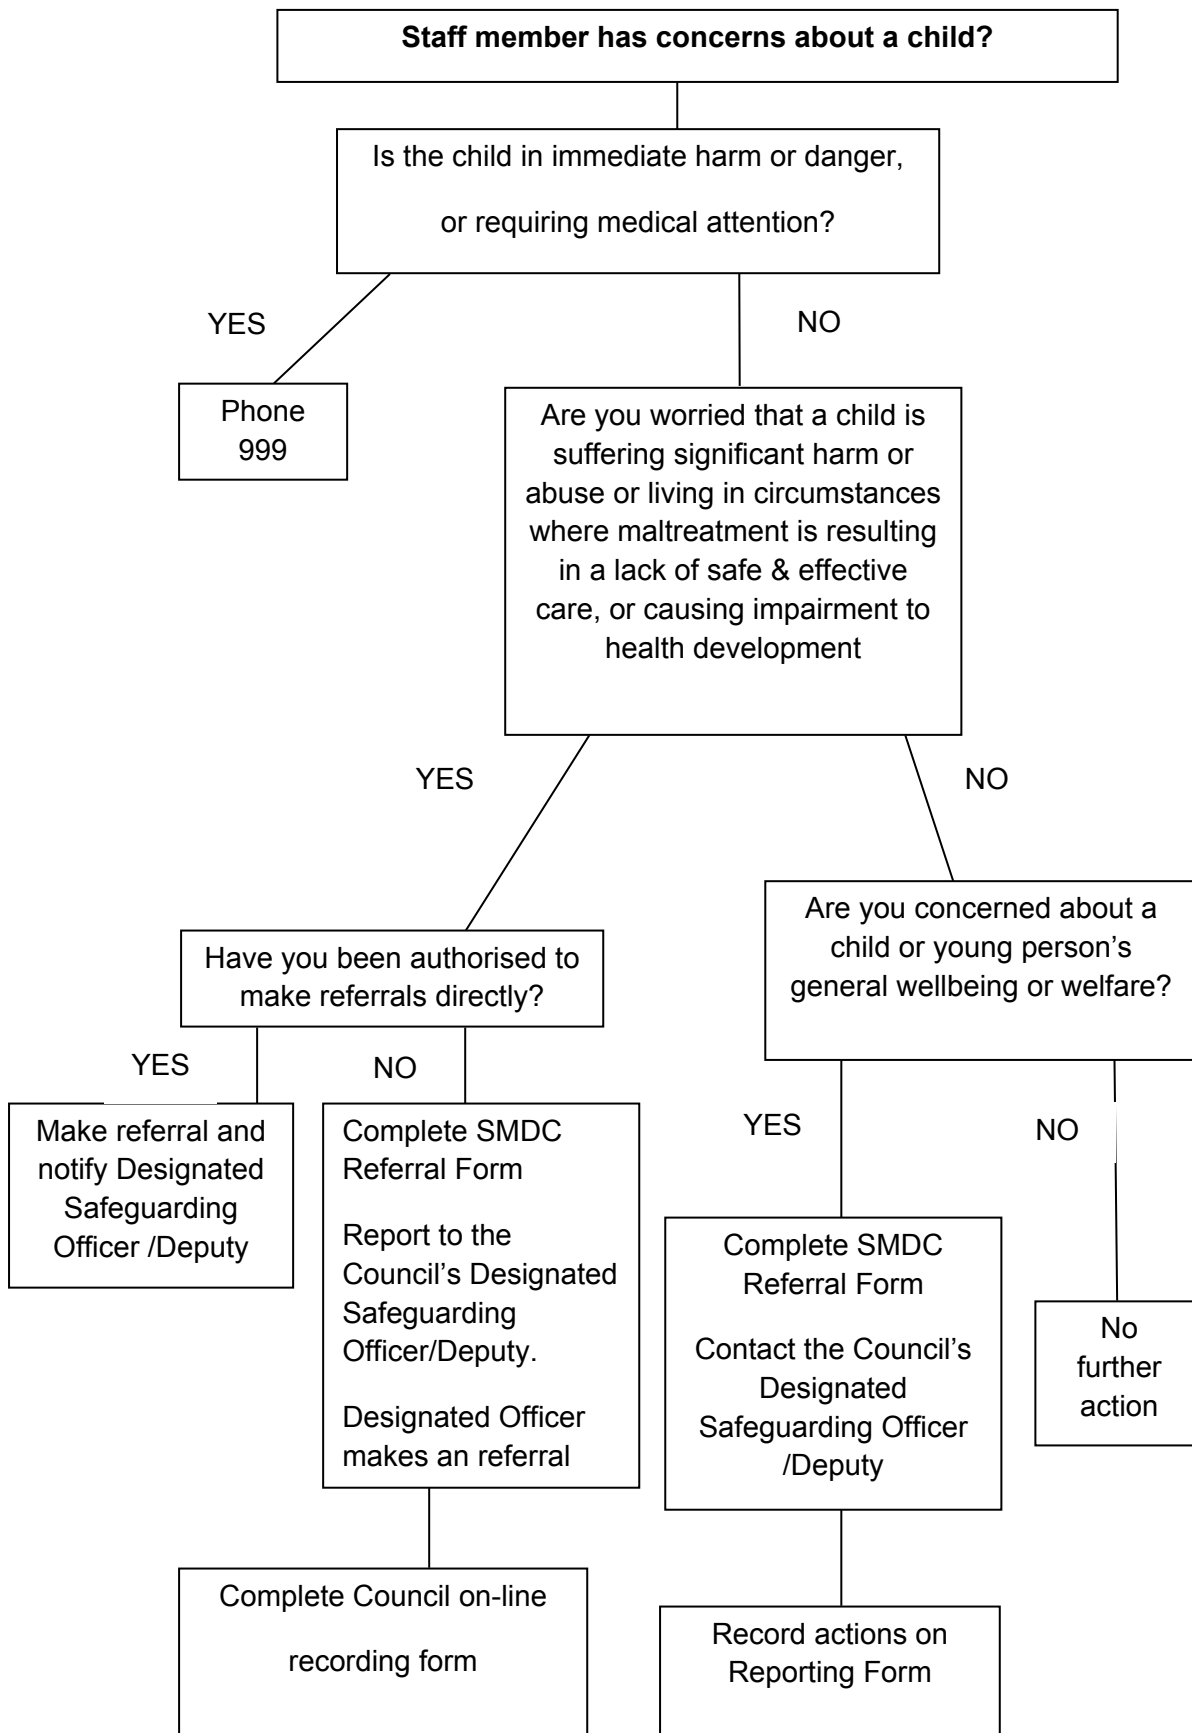

Child factors:

- Baby is sickly, colicky or unwanted
- Child has a physical or learning disability
- Lack of attachment between child and parent
- Child resides in care, particularly residential
- Child is excluded from mainstream school
- Child uses drugs/ alcohol
- Child goes missing
- Child is living in private fostering arrangements

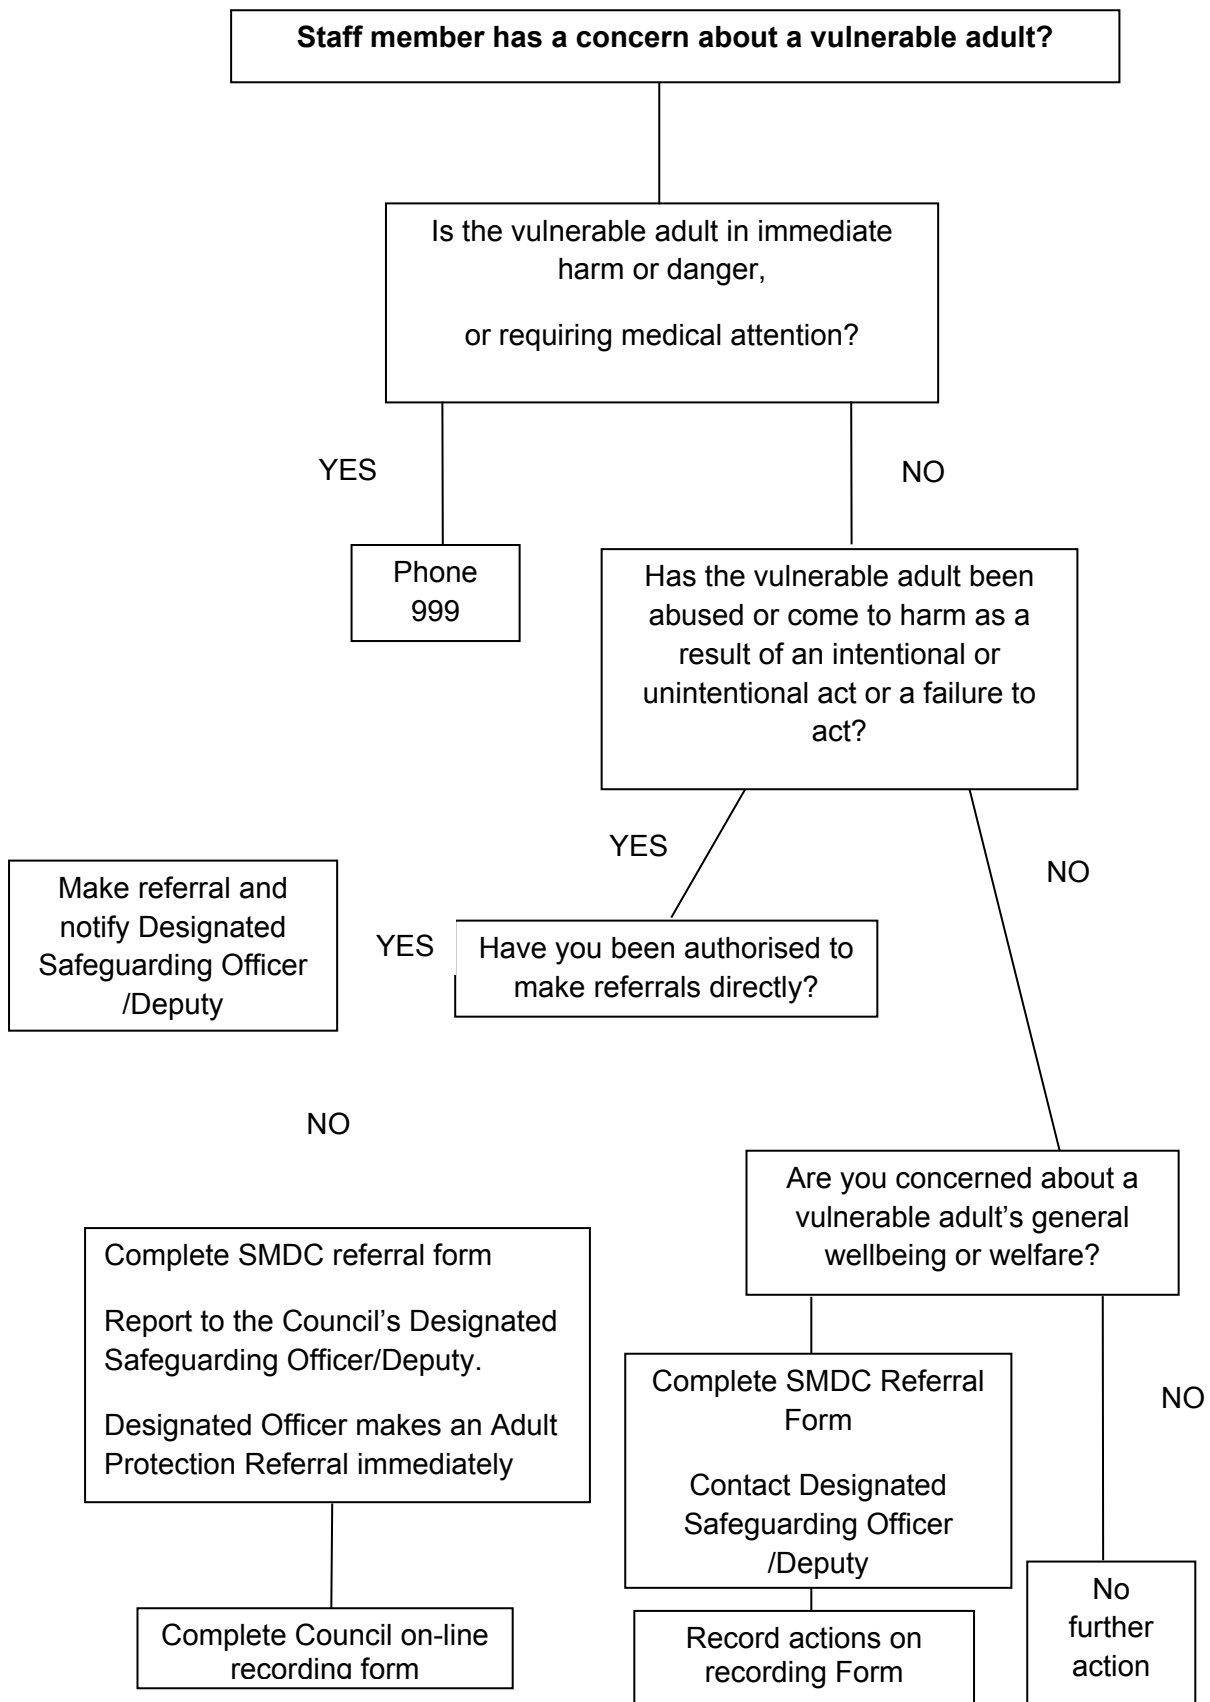

GUIDANCE 3 Responding to disclosure: Dos and Don'ts

Dos	Don'ts
<ul style="list-style-type: none">• React calmly so as not to frighten them• Take what the person says seriously, recognising the difficulties inherent in interpreting what is being said by a person who has for example a speech impairment and / or differences in language• Avoid asking leading or direct questions other than those seeking to clarify your understanding of what the person has said. They may be subsequently formally interviewed by the Police and/or Children's Social Care Services (CSC) and they should not have to repeat their account on several occasions. The first person told may become a witness at court if they have asked/gained direct relevant information.• Reassure the child or adult at risk of abuse and neglect that they are right to tell.• Explain to them that concerns may have to be shared with someone who is in a position to act.• Make a written record of what has been disclosed at the earliest opportunity.	<ul style="list-style-type: none">• Dismiss the concern• Panic• Allow your shock or distaste to show• Probe for more information than is offered• Speculate or make assumptions• Make negative comments about the alleged abuser• Make promises or agree to keep secrets• Ask the child, young person, adult at risk of abuse and neglect or any witnesses to sign your written information as this may be significantly detrimental to any subsequent police investigation• Take photographs of any alleged injuries. Any such recording must only be done by an approved medical or other practitioner, following referral.

APPENDIX B1 Responding to Concerns About a Child

APPENDIX B2 Responding to Concerns about an Adult

The Council's policy is that staff who have safeguarding concerns about a child or an adult at risk of abuse and neglect would report them to the designated safeguarding officer. Where there is risk of immediate harm the policy states that staff should immediately call the police.

It is, however, recognised that certain Council services frequently deal with vulnerable children and adults and that staff members in these services are (i) trained and familiar with safeguarding and vulnerable adult procedures and (ii) have the skills to make decisions about appropriate referral routes or other actions. Appropriate staff members may, therefore, be authorised by the Designated Safeguarding Officer to be able to make (1) a vulnerable adult referral or (2) a child or adult safeguarding referral or (3) or to initiate other appropriate action without first contacting the Council's Designated Safeguarding Officer or Deputy. The following safeguards will be put in place:

- The Designated Safeguarding Officer will keep a list of authorised staff and services.
- These staff must have appropriate (level 2) training.
- As soon as practicable the Council's Designated Safeguarding Officer/Deputy will be informed of any referral.
- Peer or manager support must be available to authorised staff so that they have access to advice or support where cases are complex.
- Authorised staff can call an internal Council case review meeting where input is required from a variety of staff to consider an appropriate course of action. A standard form will be available to record key facts, judgements, decisions/actions and responsibilities.
- Safeguarding will regularly feature as part of the one to one review between individual authorised staff and their line manager.
- An appropriate record will be kept using a system approved by the Designated Safeguarding Officer.
- An audit of these cases will be undertaken and overseen by the Designated safeguarding Officer to ensure the quality of decisions and actions.

APPENDIX C Guidance and Legislation

The Children Act 1989 – provides legislation to ensure that the welfare and developmental needs of children are met, including their need to be protected from harm. The welfare of the child is paramount.

The Children Act 2004 – Section 11 places a duty on all organisations to ensure that their functions are discharged with regard to the need to safeguard and promote the welfare of children. The Act offered the legislative framework for the implementation of the five Every Child Matters principles which are considered to be integral to achieving positive outcomes and life chances for all children and young people from birth into adulthood. These principles are:

- Be healthy
- Staying safe
- Enjoying and achieving
- Making a positive contribution
- Achieving economic wellbeing

Working Together to Safeguard Children 2013, 2010, 2006, 1999 - This statutory guidance as revised by the government in 2013 details the roles and responsibilities of all agencies with the aim of promoting effective working together to promote the welfare and safety of children. To view the 2013 Working Together to Safeguard Children statutory guidance please go to; www.education.gov.uk

Inter-agency procedures for safeguarding children and promoting their welfare in Staffordshire are available on line at www.staffsscb.org.uk.

The “No Secrets” guidance is available at:

http://www.dh.gov.uk/en/Publicationsandstatistics/Publications/PublicationsPolicyAndGuidance/DH_4008486

Care Standards Act 2000 – this Act details the statutory responsibility for all agencies to ensure the protection of vulnerable adults. In summary this Act –

- establishes a new, independent regulatory body for social care and private and voluntary healthcare services (“care services”) in England to be known as the National Care Standards Commission;
- provides for an arm of the National Assembly for Wales to be the regulatory body for such services in Wales;
- establishes new, independent Councils to register social care workers, set standards in social care work and regulate the education and training of social workers in England and Wales;
- establishes an office of the Children’s Commissioner for Wales;
- reforms the regulation of childminders and day care provision for young children;
- provides for the Secretary of State to maintain a list of individuals who are considered unsuitable to work with vulnerable adults.

The Mental Capacity Act provides a framework to empower and protect people who may lack capacity to make some decisions for themselves. The Act makes clear who can take decisions in which situations, and how they should go about this. Anyone who works with or cares for an adult who lacks capacity must comply with the MCA when making decisions or acting for that person. This applies whether decisions are life changing events or more every day matters and is relevant to adults of any age, regardless of when they lost capacity.

Interagency Procedures for Adult Protection in Staffordshire can be found at <http://preview.staffordshirecares.info/StayingSafeintheCommunity/Stopabuseofadults.aspx>

There is a wide range of associated legislation and guidance available, see the Office of Public Sector Information for more information (www.opsi.gov.uk)

APPENDIX D Promoting Good Practice with Children and Vulnerable Adults

1. Code of Conduct for the Protection of Children and Vulnerable Adults

It is possible to limit the situations where the abuse of children and vulnerable adults may occur, by promoting good practice to all staff, elected members and volunteers.

This code of conduct details the type of practice required by all employees, elected members and volunteers when in contact with children or vulnerable adults. Suspicions or allegations of non-compliance of the Code by a member of staff will be dealt with through the Council's Disciplinary Procedure. The Council will also expect contractors or organisations working as its agent to operate in accordance with this code.

Staffordshire Moorlands District Council supports and requires the following good practice by employees, members and volunteers when in contact with children and vulnerable adults.

Dos

When working with children and vulnerable adults all parties should:

- Adhere to the children, young people and vulnerable adult's policy at all times.
- Treat all children and vulnerable adults equally, with respect and dignity
- Be an excellent role model including not smoking or drinking alcohol in the company of children and vulnerable adults
- Ensure that personal care is delivered in a dignified manner that meets the needs of the individual.
- Involve parents, guardians and carers wherever possible
- Build balanced relationships on mutual trust that empower children and vulnerable adults to share in the decision making process

2. Social Networking sites.

Employees shall work to the Council's policies and procedures, including:

- Safeguarding Children and Vulnerable Adults Protection policy
- Code of Conduct
- Whistle blowing
- Safer Recruitment
- Bullying and Harassment

3. First Aid and Treatment of Injuries

If a child or vulnerable adult requires first aid or any form of medical attention whilst in the care of an employee, then the following good practice should be followed:

- Be aware of any pre-existing medical conditions, medicines being taken by participants or existing injuries and treatment required.
- Keep a written record of any injury that occurs, along with the details of any treatment given
- Where possible, ensure access to medical advice and / or assistance is available
- Only those with a current, recognised First Aid qualification should respond to any injuries
- Where possible any course of action should be discussed with the child/vulnerable adult, in language that they understand, and their permission sought before any action is taken
- In more serious cases, assistance must be obtained from a medically qualified professional as soon as possible
- The child's or vulnerable adult's parents/guardians or carers must be informed of any injury and any action taken as soon as possible, unless it is in the child's or vulnerable adult's interests and on professional advice not to do so.
- A notification of accident form must be completed and signed and passed to the Health and Safety Officer.

4. For Transporting Children and Vulnerable Adults Away From Home

If it is necessary to provide transport to take children or vulnerable adults away from home or school the following good practice must be followed:

- Where practical request written parental/guardian consent if members of staff are required to transport children or vulnerable adults
- Always tell another member of staff that a child or vulnerable adult is being transported, giving details of the route and the anticipated length of the journey
- Never transport a child or vulnerable adult unaccompanied, other than in exceptional circumstances. Plan pick ups and drop offs to minimise the risk of being alone with a child or vulnerable adult.
- Ensure all vehicles are correctly insured and well maintained.

- Ensure drivers hold current, appropriate driving licenses, and have undergone training as appropriate (e.g. minibus driving, use of wheelchair hoist)
- All reasonable safety measures must be taken, e.g. children in the back seat behind the driver, seatbelts worn and booster seats in place
- Ensure where possible at least one male and one female accompany mixed groups of children or vulnerable adults. These adults should be familiar with and agree to abide by the Council's Child and Vulnerable Adult Protection Policy and Procedures
- Always plan and prepare a detailed programme of activities and ensure copies are available for other staff and parents/guardians

5. Use of Contractors

Contractors or organisations acting as agents of the Council must comply with the principles set out in:

- The Safeguarding Vulnerable Groups Act 2006 as amended by the Protection of Freedoms Act 2012.
- The Department for Education '*Revised guidance on safeguarding children and safer recruitment in education* (2010).
- Disclosure and Barring Service (DBS) Checks: Policy and Guidance for service providers and CQC staff (July 2011).

Staffordshire Moorlands District Council and its employees, elected members and volunteers should undertake reasonable care that contractors doing work on behalf of the Council are monitored appropriately. Service Level Agreements or contracts in place for these contractors should therefore specify this requirement.

Any contractor or sub-contractor engaged by the Council in areas where workers are likely to come into contact with children or vulnerable adults⁸ and take part in 'regulated activity'⁹ (as defined within the new definition with effect from September 2012) must have an appropriate DBS check.

⁸ The DBS definition of regulated activity relating to **adults** no longer labels adults as 'vulnerable'. Instead the definition identifies the **activities** which, if any requires them, lead to that adult being considered vulnerable at that particular time. This means that the focus is on the activities required by the adult and not on the setting in which the activity is received, nor on the personal characteristics or circumstances of the adult receiving the activities. There is no longer a requirement for a person to do the activities a certain number of times before they are engaging in regulated activity. Further guidance is on the DBS website: www.gov.uk/disclosure-barring-service

⁹ The full definition of regulated activity is set out in Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, as amended (in particular, by the Protection of Freedoms Act 2012). Further information can be found at: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/143666/eligibility-guidance.pdf

There are five types of check that are available. Further guidance is provided on the DBS website (www.gov.uk/disclosure-barring-service) to enable employers to establish, which, if any, level of check is required. The checks that are available are:

1. **Enhanced Check for Regulated Activity (Children)** - used when someone is undertaking regulated activity relating to children. This check involves a check of the police national computer, police information and the children's barred list.
2. **Enhanced Check for Regulated Activity (Adults)** - used when someone is undertaking regulated activity relating to adults. This check involves a check of the police national computer, police information and the adults barred list.
3. **Enhanced Check for Regulated Activity (Children and Adults)** - used when someone is undertaking regulated activity relating to both children and adults. This check involves a check of the police national computer, police information and the children's and adults barred list.
4. **Enhanced DBS Check** - used where someone meets the pre September 2012 definition of regulated activity. This level of check involves a check of the police national computer and police information.
5. **Standard DBS Check** - used primarily for people entering certain professions such as: members of the legal and accountancy professions. Standard DBS checks just involve a check of the police national computer and do not include a check of police information or the children's or adults barred lists.

Where there is potential for contact with children or vulnerable adults it is the responsibility of the manager who is using the services of the contractor (the Client) to check that the correct Disclosure and Barring Service (DBS) check has been satisfactorily completed.

6. Guidelines on Children and Vulnerable Adults in Publications and on the Internet

Websites and publications provide excellent opportunities to publicise achievements of individuals and provide a showcase for the activities of children and vulnerable adults. In some cases, however, displaying certain information about children and vulnerable adults could place them at risk.

The following procedure must be followed to ensure the Council's publications and information on the internet does not place children or vulnerable adults at risk.

- Publications or information on an internet site must never include personal information that could identify the child or vulnerable adult. Any contact information must be directed to the Council or another relevant organisation.
- Before publishing any information about a child or vulnerable adult, written consent must be obtained from the child or vulnerable adult's parent / guardian. If the material is changed from the time of consent, the parents/guardians must be informed and consent provided for the changes.

- The content of photographs or videos must not depict a child or vulnerable adult in provocative pose or in a state of partial undress. Children and vulnerable adults must never be portrayed in a demeaning or tasteless manner.
- For photographs or videos of groups or teams of children or vulnerable adults ensure that only the group or team is referred to not individual members. Credit for achievements by an individual child or vulnerable adult are to be restricted to first names only.
- All published events involving children or vulnerable adults must be reviewed to ensure the information will not put children or vulnerable adults at risk. Any publications of specific meetings or child/vulnerable adult events e.g. team coaching sessions, must not be distributed to any individuals other than to those directly concerned.
- Particular care must be taken when publishing photographs, film or videos of children or vulnerable adults who are considered particularly vulnerable e.g. the subject of a child or vulnerable adult protection issue or a custody dispute.

Important Note: Any concerns or enquiries about publications or internet information should be reported to the Council's Designated Safeguarding Officer/ Deputy.

7. Guidelines on Use of Photography, Videoing and Filming of Children and Vulnerable Adults – (Including Mobile Phone Technology)

There is evidence that some individuals have used public events as an opportunity to take inappropriate photographs or film footage of children. The following best practice is to be adopted to protect children and vulnerable adults who are being photographed or videoed.

- When commissioning professional photographers or inviting the press to cover Council services, events and activities organisers must ensure that they make expectations clear in relation to child and vulnerable adult protection.
- Organisers must check the credentials of any photographers and organisations used.
- Where possible the consent of the parent/guardian for photographing, videoing and / or filming of a child or vulnerable adult must be obtained prior to the event or activity.
- Where possible anyone wishing to use photographic/film/video equipment at a venue must obtain the approval of the Council.
- An activity or event specific identification badge/sticker must be provided and clearly displayed at all times by the accredited photographers, film and video operators on the day of the activity or event.

- Unsupervised access must not be allowed to children or vulnerable adults or one to one photographic sessions.
- Do not allow photographic sessions outside of the activities or services, or at a child or vulnerable adult's home.
- It is recommended that the names of children or vulnerable adults should not be used in photographs or video footage, unless with the express permission of the child or vulnerable adult's parent or guardian.
- The Council reserves the right at all times to prohibit the use of photography, film or video at any event or activity with which it is associated.
- The specific details concerning photographic/video and filming equipment should, where possible, be published prominently in event programmes and must be announced over the public address system prior to the start of an event. The recommended wording is,

“In line with the recommendation in the Councils Safeguarding Children and Vulnerable Adult Policy, the promoters of the event request that any person wishing to engage in any video, zoom or close range photography should register their details with staff at the spectator's entry desk before carrying out any such photography. The promoter reserves the right to decline entry to any person unable to meet or abide by the promoter's conditions.”

Any concerns with photographers or video or film operators are to be reported to the Council's Designated Safeguarding Officer/Deputy and where relevant, the Police.

8. Parents/Carers use of Photographic and Filming Equipment at Events

It is good practice to inform parents/carers of our expectations of them using their own photographic/filming equipment at events organised by the Council.

- Parents/carers and spectators should register with the organiser their intent to use zoom, close range photography or filming equipment at an event.
- Children, vulnerable adults and parents/carers should be informed that if they have concerns they can report these to the organiser.
- Concerns regarding inappropriate or intrusive photography or filming should be reported to the organiser, or senior member of staff present. It is their responsibility to record the incident on the incident report forms and pass on to the Child and Vulnerable Adult Protection officer to take appropriate action.

An example of wording to be displayed at an event or on publicity material prior to the event should follow the lines of:

“In line with Staffordshire Moorland District Council’s Safeguarding Children and Vulnerable Adults Protection Policy, any person wishing to engage in zoom, close range photography or filming, should register their intent with the event/activity organiser, prior to carrying out any such photography or filming. The organiser reserves the right to refuse any such photography or filming if there are concerns or complaints about its appropriateness”

An example form for use at Events and taking photographs, video material is given at Appendix E

APPENDIX E Photographic consent

Staffordshire Moorlands District Council produces a range of print materials and online information. On occasion it takes photographic images (moving and still) for promotional purposes.

Signing this form gives agreement for the individual named to take part in such a photographic/video shoot for Staffordshire Moorlands District Council for the above stated purpose only.

<p>I have read and understood this form and give my permission for the child or adult in my care named below to be photographed, filmed or recorded. APPENDIX F Recruitment and Selection Considerations

Staffordshire Moorlands District Council recognises that the appropriate recruitment and selection of staff is a most crucial element in protecting users of the Council's services and activities. By ensuring a robust procedure exists to prevent people with negative attitudes towards vulnerable groups gaining employment with the Council, it will be completing the first stage of protecting vulnerable groups from maltreatment by employees. These procedures will be supported by on-going staff training when required, to ensure that the methods for dealing with vulnerable groups are reflecting the correct approach current at the time. This knowledge base will be further supported by regular staff supervision to ensure compliance with policy and procedure, and that attitudes are in line with professional expectations.

1. Identity Confirmation

All people with access to vulnerable groups in an employed or voluntary capacity will need to provide evidence to confirm their identity. In most cases this evidence will be dictated by the requirements of the legal checks the Council is required to carry out. Should anyone have access to vulnerable groups in such a way as to not be required to be legally "cleared", then they will be asked to provide documentary evidence of their identity.

2. Pre-recruitment

If any form of advertising is used to recruit staff and volunteers, it should reflect:

- The responsibilities of the role.
- The level of experience or qualifications required (e.g. experience of working with children is an advantage)
- The Council's open and positive stance on children and vulnerable adult protection.
- The use of the Disclosure and Barring Service procedures to promote safe recruitment and selection processes.

3. Applicant Information

All applicants, whether for paid or voluntary, full or part-time positions, should complete an application form which should elicit the following information:

- Name, address and National Insurance Number.
- Past career, relevant interests, any gaps in employment and reasons for leaving.
- Relevant experience, educational qualifications, job specific qualifications and training.

- Any criminal record.
- The names of at least two people (not relatives) willing to provide written references that comment on the applicant's previous experience of , and suitability for, working with children or vulnerable adults where it is a requirement of the job or volunteering role,
- And a willingness to assist in the completion of a DBS check

4. Checks and References

Staff and volunteers recruited to work in services for children and vulnerable adults must be checked for any possible irregularities (or issues), which may give reason for concern.

A minimum of two references should be taken up, one of which must be the previous employer and if available, at least one should be associated with former work with children or vulnerable adults. References should include the applicant's suitability to work with children or vulnerable adults where it is a requirement of the job. Where references are given verbally, they must follow a prescribed format and a written record kept.

In accordance with guidance from the Disclosure and Barring Service (DBS) all posts that have direct contact with children and vulnerable adults will require an Enhanced DBS check. These checks will be completed by the Human Resources Team.

If a DBS check highlights an unspent conviction a risk assessment will be carried out to assess the suitability of the applicant to work with children or vulnerable adults. This will be carried out by the line manager and Human Resources Officer.

5. Interview

Interviews are carried out in line with the Council's Recruitment and Selection procedures. The interview is likely to include questions on how to deal with children and vulnerable adult protection issues.

6. Induction and Training

Checks are only part of the process to protect children and vulnerable adults from possible abuse. Appropriate training will enable individuals to recognise their responsibilities with regard to their own good practice and the reporting of suspected poor practice/concern of possible abuse. It is important that the recruitment and selection process is followed by relevant inductions and training in order to further protect children and vulnerable adults from possible abuse.

The induction and training should include:

- An assessment of the training needs required carried out by the local manager.
- Clarification, agreement and signing up to the Council's Code of Conduct for Employees. This is not a separate document for LDC and forms part of Disciplinary which are referred to at induction but not handed out/signed for.
- Clarification, agreement and signing up to the Council's Safeguarding Children and Vulnerable Adult Policy and Procedure.
- Clarification of the expectations, roles and responsibilities of the job or volunteering role.
- As a minimum the Council expects all staff to have undergone formal children and or vulnerable adult training related to their job within 6 months of commencement of employment with the Council. Refresher training will be required every 3 years. This is the responsibility of line managers in services where children and/or vulnerable adults are clients/customers.

7. Probation, Monitoring and Appraisal

All newly appointed members of staff undergo an agreed period of probation on commencement of their role, other than casual or agency staff.

All members of staff who have contact with children and vulnerable adults will be monitored and their performance appraised. This will give an opportunity to evaluate progress, set new goals, identify training needs and address any issues of poor practice. Line managers should be sensitive to any concerns about poor practice and act on them at an early stage. They should also offer appropriate support to those who report concerns/complaints.

Particular care must be taken to monitor casual and agency staff, whose less frequent employment reduces the opportunities for regular supervision and training and who may therefore be less familiar with policies and procedures.

It is the responsibility of line managers to monitor good practice. This can be done in a number of ways:

- Direct observation of the activity or service
- Staff appraisals, mentoring and providing feedback on performance
- Children's and adults' feedback on the activities or services

8. Rehabilitation of Offenders

Staffordshire Moorlands District Council is committed to the fair treatment of its employees (both paid and voluntary), potential staff or volunteers or users of its

service, regardless of race, gender, religion, sexual orientation, responsibilities for dependants, age, physical/mental disability or offending background.

Having a criminal record will not necessarily bar someone from working or volunteering with the Council. This will depend on the nature of the position, the nature of the offence, how long ago and at what age the offence was committed and any factors which may be relevant.

Failure to declare a conviction, caution or pending police action, will disqualify the applicant from appointment or result in summary dismissal if the discrepancy comes to light.
